

QUASH INDICTMENTS AGAINST OIL MEN

ACTION FREES FALL, SINCLAIR, DOHENY OF PROBE CHARGES

Decision . Follows Long Legal Battle Waged By Opposing Counsel.

Washington, April 3.—The indictments returned against ex-Secretary of the Interior Albert B. Fall, Harry F. Sinclair and Edward Doheny at the time of the congressional oil investigation, were quashed in the supreme court of the District of Columbia today by Chief Justice McCoy. The indictments had charged conspiracy to defraud the government.

Quashing the indictments followed an extended legal battle waged by counsel for the accused men. For almost a year some of the best legal talent in the country has attacked the indictments, alleging them to be faulty.

Whether the government will appeal from Chief Justice McCoy's decision was not immediately made known, the belief however, being that it will.

ELLINGSON SANITY CASE IS SPEEDED TO HASTY CONCLUSION

Defense Expects To Conclude Evidence Friday—Decision Expected This Week

San Francisco, April 3.—The mental status of Dorothy Elingston probably will be determined this week.

Speeding her sanity trial today her counsel planned to finish their case by adjournment of court tonight.

Testimony of Dr. Jau Don Ball and possibly one of two other alienists was expected to conclude the defense case. The basis of their case in the form of hypothetical questions has been built in lay evidence now before the jury of nine men and three women who will determine the issue.

Summaries of the evidence indicated:

1.—Pre-natal influences of a mentally disturbed mother and analatical father pre-disposed the 16-year-old girl to insanity.

2.—Lack of control, disregard of parental restraint and waywardness in extreme youth.

3.—Abnormal physical development for her age, an unstable vaso-motor system, an under-functioning thyroid gland and an abnormally high blood pressure.

4.—Unnatural conduct immediately after the slaying of her mother in attending a party and the abnormal slaying itself.

The case was practically in reverse today. Taking state witnesses the defense proved the facts of the slaying and the girl's confession of it. They recited her life history and that of her family.

And with the closing of the defense case the state will undertake to prove that Dorothy is normal in all respects, that reactions and alleged unnatural actions were the natural acts of a person placed in the position Dorothy found herself.

CHILD CHOKES TO DEATH ON GRAIN OF POPCORN THURSDAY

A small grain of popcorn quickly snuffed out the life of Norma Kathleen Fawley, 6, only child of Mr. and Mrs. Lee Fawley, 712 South Chestnut Street, Thursday night.

The child and her mother were sitting in a machine in front of The Smoke House on South Detroit Street about 7:30 p.m., Thursday, eating popcorn while Mr. Fawley went to the Arcade Billiard Hall, nearby.

Norma Kathleen suddenly choked on a grain of the corn and her mother called passersby to aid the child in her distress. Efforts to dislodge the corn proved fruitless and the girl was taken to the offices of Drs. A. C. and H. C. Messenger.

While physicians were hastening to perform an operation to remove the kernel, the child fought for breath and died.

The child's father is manager of the branch store of the Kroger Grocery and Baking Company, East Main Street. The family formerly lived at Yellow Springs.

Littleton Brothers, Yellow Springs undertakers, took charge of the body. Funeral services will be held at the home of Mrs. Fawley's mother, Mrs. Jacob Diehl in Yellow Springs, Saturday afternoon at 2 o'clock with interment in Glen Forest Cemetery.

TO RESTORE RIVERS

Defiance, April 3.—The Maumee and Auglaize river banks at Fort Defiance, Northwestern Ohio's most notable historic spot, will be restored to nearly their original lines and protected from water that has been steadily cutting them down, as the result of an appropriation of \$20,000 included in the revenue bill that passed both branches of the Ohio legislature.

FATE OF CHAPMAN NOW IN HANDS OF JURY

Goes From Plow To Auto!

Norwalk, O., April 3.—The hard hands that two days ago gripped the working end of a plow will from now on rest in ease on the steering wheel of an expensive automobile, in the case of Fred Anderson, 38, a bachelor farm worker who was notified today that the large estate of his sister, Mrs. Agnes McClarey, who died recently in Philadelphia, had been left to him.

The fields of corn and wheat and alfalfa that Anderson's eyes have

surveyed for years, as he wrested crop after crop from the stubborn soil, will be changed to a scene of tall buildings; the calmness of rolling farm lands will be substituted for the hustle and bustle of a teeming city.

A large Philadelphia apartment house and \$48,000 cash, as well as the expensive automobile, will be the bachelor farmer's to handle, while eight years of toilsome life near Norwalk and Bellevue will be but a memory of things turned into the past.

VERDICT ALLOWED IN DENNSTOUN CASE IS SET ASIDE BY COURT

Holds Awarding Of \$25,000 Damages Void And Divides Costs In Famous Case

London, April 3.—In the face of the jury's verdict that Colonel Ian Dennistoun had entered into an agreement to support his divorced wife, Justice McCardie today handed down his decision that the agreement was void and unenforceable.

By the decision pretty Mrs. Dorothy Dennistoun loses the \$25,000 damages against her former husband which the jury awarded her. Technical rulings added by Justice McCardie practically divided the costs of the case between Colonel and Mrs. Dennistoun.

A stay of execution was granted by the justice in order to permit either Dennistoun or his wife to enter an appeal.

McCardie held that Colonel Dennistoun had not acted oppressively and therefore should not be held for the costs upon the claim for breach of contract which his divorced wife brought against him.

The jury had awarded Mrs. Dennistoun, who divorced Dennistoun prior to his marriage to Lady Carnarvon, \$25,000 damages and \$5,000 debt claims after a trial which electrified London with its testimony of intrigue in the upper strata of social London and British army life.

Justice McCardie took the decision under advisement.

Before handing down his decision today, the justice offered a defense of England's social life.

"I agree with Justice Shearman that cases like this do not represent the general life of the well to do of England," he said, referring to judge's comment when Mrs. Muriel Waterhouse secured a \$50,000 judgment against Captain Sir David Wilson Barker and Lady Wilson Barker.

"These cases give a wholly false impression of English family and social life," he added.

FAMILY RESCUED WHEN HOUSE BURNS

Newton, Mass., April 3.—Trapped by fire in the Felton mansion, Herbert Felton, his wife, daughter and three maids were rescued by firemen today.

Herbert Felton, Jr., a son, risked death by running down a blazing stairway and summoning help.

Before the days of prohibition, Felton was proprietor of a rum distillery and the fame of his product was countrywide.

The mansion, one of the show-places of West Newton, was destroyed by the flames.

Felton, his wife and 13 year old daughter, Anna, were crouched on a balcony extending over the front entrance to the mansion when firemen arrived. Ladders were put up and the family was carried to safety.

The three maids were rescued from a second story window at the rear of the house.

FATHER OF GIRL HELD ON CHARGE OF VICE REFUSES TO QUIT CHURCH

Lorain, O., April 3.—"I won't resign. I'll continue to carry on the work of the church."

Thus Rev. Thomas Howard Jones, pastor of the Peoples Church here, asked last night to resign his pastorate, following the binding over to the grand jury of his daughter, Miss Lucille Jones, 19, on charges preferred by Ethel Kun, 16 year old school girl, answered his officials.

The demand for his resignation was made at a mass meeting of members of the church. The meeting closed when the board of trustees, ladies' guild, stewards and members of the building committee, resigned in a body.

Wins \$9,000

MISS HELEN GILLESPIE
Injured so seriously when struck by an automobile in Brooklyn, N. Y., that she never can become a mother. Miss Helen Gillespie, twenty-one, was awarded \$9,000 by a Supreme Court jury.

OFFICIALS OF DODGE BROTHERS CONFIRM SALE OF AUTO PLANT

Declares No Mergers Or Changes In Policy Contemplated—Rumor Says Different

Detroit, Mich., April 3.—Dodge Brothers officials today, in a telegram to all dealers throughout the country, confirmed the sale and announcement of the second largest automobile plant in the country to J. W. Street interests and said that there would be no mergers or changes of policy or personnel.

Despite this assurance however, persistent rumors emanating from financial circles, name E. G. Wilmer as being slated to assume the presidency of the Dodge Company in the near future.

Wilmer is chairman of the board of directors of the Goodyear Tire and Rubber Company of Akron, O., which is controlled by Dillon, Read and Company in which he is also said to be a partner.

S. W. Howland, of the legal staff of Dillon, Read and Company, remains here today in sole charge of the Wall Street banking firm's interests in the purchase. Wilmer and A. C. Schwartz who put the sale through for their principal, Clarence Dillon, left for New York last night.

To the last moment of their stay both men declared they were not at liberty to divulge the sum paid for the Dodge plant. The deal is known, however, to have been one of the largest, if not the largest—entirely cash transactions in financial history.

Before leaving, Schwartz and Wilmer reiterated that the deal was absolutely closed without possibility of hitch, and called attention to the statement from Dillon in New York, that "We have advance subscriptions for Dodge stock totalling more than three times the amount paid for the plant," as sufficient proof that the deal would hold good and the entire price paid in cash.

Today, D. T. Beatty, named as chairman of a committee to represent church members, declared that they would not be responsible for any debts contracted in the name of the church by the pastor.

The Rev. Mr. Jones countered with the statement that he held a year's contract and would hold services as usual.

Yesterday all evidence against Miss Jones on alleged vice charges was turned over to County Prosecutor D. A. Baird by City Prosecutor William Friedman.

Charges against the girl include alleged arrangement of meetings between school girls and men from various cities.

BANDIT ELATED OVER FAVORABLE SHOWING HE MADE AS WITNESS

Summing Up of Counsel Completed at Morning Session of Court

Hartford, Conn., April 3.—The fate of Gerald Chapman, notorious bandit, on trial for murder went to the jury at 12:59 o'clock this afternoon. The final hours of summation by defense and state began this morning after which Judge Newell Jennings, delivered his charge to the jury. Chapman is accused of the murder of James Skelly, a New Britain policeman.

Chapman entered the courtroom this morning, visibly elated over memories of his favorable impression made on the witness stand. He smiled confidently while talking with counsel.

Eager crowds outside the courthouse jostled with a cordon of police for admission to the trial.

The courtroom was filled hours before Judge Jennings took his place on the bench. Frederick G. Groehl, of the Chapman counsel, faced the jury in a closing forty minute plea for the life of the mail bandit. He resumed his address shortly after ten o'clock.

"I do not want this man convicted for a crime, (the murder of Skelly) he did not do," Groehl declared to the jury, referring to Chapman. Groehl admitted Chapman was a crook.

Groehl bitterly denounced Walter Shean, self confessed accomplice of Chapman.

"When Chapman held up the mail truck in New York he picked up weakling," Groehl asserted. "Do you think it reasonable that Chapman would pick a 'piker' like Shean to work with? The accused used Shean as a 'lobby-gal,' if at all, merely a hanger-on."

Groehl then took up the identification of Shean as "the man who shot me," by the dying Skelly brought out in the testimony.

"A dying man wouldn't be mistaken as to the man who shot him," declared Groehl.

Groehl made a stirring address, driving home his points by smashing his fist down on the counsel table. He finished with this dramatic exhortation:

"Chapman is going back to the dungeon in Atlanta prison where he'll never escape. Let him live to repent. That is the best punishment you can give him. I am satisfied he will die in Atlanta jail. If you are satisfied as to a reasonable doubt, I say, gentlemen, let him live to repent."

The defense closed its summation at 10:32 o'clock.

ACADEMY OF SCIENCE GOES INTO SESSION AT WOOSTER, OHIO

Speaker Explains Relation Of Health To High Grade Quality Fruits

Wooster, O., April 3.—Sessions of the 25th annual meeting of the Ohio Academy of Science got under way here this afternoon, with about 100 delegates in attendance.

Professor J. S. Houser, entomologist at the Wooster experiment station, opened the program with a paper on orchard spraying and human health in which he showed, direct and indirect beneficial results upon health by the cultivation of higher grade apples through proper spraying.

Scientists were looking forward with much interest to a discussion of "the daily life of the American Eagle," by Professor Francis H. Herrick, of Western Reserve University, who studied the eagle at Vermillion where the construction of a new nest was started recently, after a former nest was destroyed in a storm. Dr. Herrick will speak tomorrow morning.

Dr. Lynde Jones, head of the department of ornithology at Ohio State University and Dr. H. M. Johnson, also of Ohio State, who has just returned from Cuba, are on today's program.

Dr. E. N. Traneau, of Ohio State, the society's president, is presiding. Group meetings will be held this afternoon and tomorrow, covering such matters as biology, geology, zoology and botany.

Leading research men of the state are in attendance.

HEARING POSTPONED

Columbus, O., April 3.—Announcement was made today by the state utilities commission of the postponement from April 9 to May 5 of the hearing relative to the application of the Logan Gas Company for approval of proposed increased rates.

FRENCH CABINET AVOIDS CRISIS THROUGH NEW FINANCE MINISTER

KIRBY ACQUITTED OF CHARGE OF ISSUING FALSE STATEMENT

Jury Out Thirty Hours—Before Verdict Reached—Must Face Other Charges

Cleveland, O., April 3.—Josiah Kirby, founder and former president of the Cleveland Discount Company, whose acquittal late yesterday on charges of issuing a false financial statement, brought to an end a trial lasting nearly three weeks, after the jury had been out for thirty hours, will have to face two charges of embezzlement and one of issuing a false prospectus within two weeks, Special Prosecutors for the state indicated today.

A conference was scheduled during the day by opposing counsel with Judge Dan B. Cull, presiding in criminal court, at which time an effort will be made to agree upon the date for the other hearings.

In addition, Kirby is under indictment in the federal courts on a charge of using the mails to defraud. This case has been tentatively set for hearing May 9, and United States District Attorney A. E. Bernstein declared today that although he will rely upon the same facts as in the case closed yesterday, he will go ahead with his plans to present the financier before a jury in federal court.

The verdict was returned at 5:30 o'clock yesterday. Kirby smiled as the clerk read the verdict, then quickly walked over and grasped each juror by the hand, thanking the men and women composing the jury, individually.

Judge Cull, in discharging the jurors, thanked them for their close consideration of the issues in the case.

"I'm glad," that covers the situation," was Kirby's terse comment to newspapermen. He then rushed to a telephone to send a telegram to Mrs. Kirby in Chicago, telling of his victory. His wife had sat by his side throughout the long days of the trial, but worn out by the long wait for the verdict had started for their California home to see the Kirby babies.

The Cleveland Discount Company, the collapse of which in February, 1923, was the cause of Kirby's indictment, was organized in 1917, and grew rapidly, until it was rated as the second largest concern of its kind in the United States, maintaining offices in many cities.

The indictment upon which Kirby was tried alleged that he falsely claimed profits totalling \$2,200,000 on bonds not issued at the time the statement was made and bolstered up the cash balance by addition of \$220,000 in checks, signed by himself, which he had directed the treasurer to hold.

SENTENCED TO LIFE IN PRISON

Jury Recommends Mercy In Verdict In Shooting Case

East Liverpool, O., April 3.—A jury's recommendation of mercy today, in returning a first degree murder verdict, saved James Gagliardi, 45, of Wellsville, from the death chair.

Judge Calvin H. Wood, of Mt. Gilboa, pronounced a sentence of life imprisonment.

Gagliardi was found guilty of shooting Rocco Benvenuto, 23, pool room proprietor to death in a street fight on February 23 last in Wellsville. He claimed self defense.

LADY ASTOR DEFENDS CHILDLESS MOTHERS ON FLOOR OF PARLIAMENT

London, April 3.—Lady Astor, the Virginia heiress, who became a prominent figure in English politics, caused an uproar in parliament today in her defense of childless mothers and was rebuked by the speaker.

"There are society women nursing puppy dogs who might well be paying attention to human beings," asserted the laborite member Hayday during a debate on the child adoption bill.

Instantly Lady Astor was on her feet.

"If I told all I know about the member who just spoke," she declared, "it would give the house something to think of. It is suggested he goes into company which does not reflect credit upon himself or his party."

As soon as Lady Astor finished speaking, there were loud cries of: "Withdraw! Withdraw!"

Hayday protested to the speaker. The speaker remonstrated with Lady Astor and she withdrew the remark, but defended herself by saying that she had been "provoked."

The speaker said:

"The noble lady is herself, sometimes provocative."

Lady Astor said:

"There are some women who never had children in whom the maternal instinct is far stronger than in others who have had children. Some of the best work for poor children is being done by women who are not mothers."

Infantry Chief

MAJ. GEN. R. H. ALLEN

Major-General R. H. Allen, newly appointed chief of infantry, United States Army, has assumed his post at Army Headquarters in Washington. General Allen succeeds Major-General Charles S. Farnsworth, who retired after forty-one years of service. General Allen entered the army as a private in 1893, being commissioned a second lieutenant in the cavalry in 1895. He reached the grade of colonel in 1920, after serving with distinction in the World War, winning the Distinguished Service Medal.

PLANS FOR RAILROAD MERGER TO BE GIVEN COMMISSION SOON

Nickle Plate Stockholders Have Unanimously Approved Program of Consolidation

Cleveland, O., April 3.—Final preparations were being made today to present to the interstate commerce commission at Washington on April 15, plans for the billion and a half merger of the Nickel Plate, Chesapeake and Ohio, Hocking Valley, Erie and Pere Marquette railroads, formal approval of the plan having been given by stockholders of the Nickel Plate at a meeting here yesterday.

The vote by which the merger was approved, was unanimous.

Minority stockholders in the Chesapeake and Ohio and Hocking Valley are opposing the plan, proposed by O. P. and M. J. Swerigen, and court action is now pending in Virginia brought by the objecting minority to halt the merger.

According to well founded reports from Washington, the interstate commerce commission is divided five to five on the merger plan, with the stand of Thomas F. Woodcock, of New York, recently named by President Coolidge as the eleventh member, in doubt. According to some reports, Woodcock may not participate in the hearing April 15, because he was a former director of the Pere Marquette, one of the roads involved in the merger.

"DING" IMPROVES

Des Moines, Ia., April 3.—The condition of Jay N. "Ding" Darling, well known cartoonist, was reported slightly improved at the Mercy Hospital here today. Hospital attendants said Darling, who is suffering from peritonitis, spent a very restful night.

CLEMENTEL FORCED TO RESIGN AFTER TALK FAVORING INFLATION

Anatole De Monzie, New Minister Said To Be In Accord With Premier

Paris, April 3.—Anatole De Monzie accepted the portfolio of French minister of finance, vacated by the forced resignation of Etienne Clementel, and the Herriot cabinet, apparently escaping a crisis, which threatened its overthrow, met to consider internal financial strategy, in which inflation will have no part.

The government is convinced of the necessity of thorough financial reform and finds the present moment opportune for such reform was the cabinet's attitude.

An all night meeting of the cabinet followed Clementel's resignation after his unauthorized declaration before the senate that the government intended to increase bank note circulation a limited amount for commercial needs. Paris was rife with reports that Premier Herriot's position had been made untenable by Clementel's stand for inflation.

Herriot hurried to the chamber when he heard what Clementel had said and after demanding an immediate correction from the finance minister, followed him to the tribune with a speech which left Clementel no course but to resign.

De Monzie was named in his place. His name will be presented to the chamber of deputies this afternoon.

Before the cabinet meeting at Elysee palace today, at which President Doumergue himself presided the new finance ministry views were presented by Minister of the Interior Camille Chautemps in an exclusive interview with International News Service.

"De Monzie is in complete agreement with Premier Herriot and the remaining ministers upon the question of financial policy," Minister Chautemps said. "The keynote of this policy is not inflation for government needs, but the emission of increased currency for commercial requirements."

"The government will supply the necessary funds by a new appeal to the country and by increasing taxation, but there will be no inflation."

Morning newspapers revealed sharp differences of opinion between Premier Herriot and Clementel. Loucheurs Petit Journal and Echo d'Paris explained that Clementel demanded increases in income taxes of from fifty to 100 percent and increasing the amount of bank notes, whereas the premier plans a tax on capital. Capital levy was the solution favored by Quotidien, which said:

"Premier Herriot's reforms are ready and they provide the equitable participation of all classes in the national charges. If the alternative is necessary some day between insidious bankruptcy by inflation on the one hand and capital levy on the other, all Democrats will choose the honorable and just solution of a capital levy."

London, April 3.—The French franc dropped two points at the opening of the international exchange market here today as a result of the threatened crisis in the Herriot cabinet.

BURNS TO DEATH IN HOUSE FIRE

Two Women Injured In Boarding House Blaze

New York, April 3.—One man was burned to death and two women were injured today in a fire which destroyed the top floor of a boarding house on Lenox Avenue.

John Bauman, a roomer, was trapped in his room, where the flames started and perished before help could reach him.

Miss Elizabeth Miller was carried down a scaling ladder to safety by a fireman just as she prepared to leap from the top floor.

Charles Marko, the landlord, and Mrs. Anna McCrea were burned.

BISHOP SCHREMB'S TO MAKE PILGRIMAGE

Cleveland, April 3.—Bishop Joseph Schrembs, head of the Catholic diocese of Cleveland, will leave Cleveland, April 6, for his holy year pilgrimage to Rome.

Formal announcement of the departure of the prelate will be read in all churches of the diocese Sunday.

According to reports in circulation here, Bishop Schrembs may be appointed as the successor of Archbishop Henry Moller, of the Cincinnati archdiocese and should such be the case it was expected that announcement of his translation to the higher see will be made during his visit to Rome either late this month or early in May.

Contributions for "Peter's Pence" from the Cleveland diocese will be taken Easter Sunday and will be presented to Pope Pius in person by Bishop Schrembs, according to the official letter.

LOS ANGELES MAY NOT GET OLYMPIC GAMES

Los Angeles, April 3.—William M. Garland, member of the International Olympic committee, declared here today he did not believe the Olympic games of 1928 would be brought to Los Angeles because of the great expense involved and the present unstable conditions in Europe. Mr. Garland's comment was made following reports from New York, that Los Angeles might take over the games that have been assigned to Holland in 1928.

EARL SANDE NOT TO RIDE AGAIN IS WORD

New York, April 3.—It was stated today on reliable authority that Earl Sande, America's premier jockey, had ridden his last race, because of serious injuries sustained in a fall at Saratoga last August.

Denial however, was made that Sande had had a "split" with Sam Hildreth, trainer for Sinclair's Rancocas stable, in the colors of which Sande rode to his greatest fame. It was said that when the jockey's riding contract expires at the end of the 1925 season, he will become Hildreth's assistant.

COMPROMISE MAY BE EFFECTED IN JANTHA COMPANY GAS FIGHT

Returning from a conference in Columbus of attorneys from Eaton, Brookville and other southern Ohio cities, in connection with the gas supply situation, Attorney J. A. Finney, this city, representing Yellow Springs and Fairfield in the fight with the Jantha Light and Fuel Company, said representatives were assured that no cut-off in the supply would take place before June 1, 1927. Attempts are being made to affect a compromise.

It is understood from a consideration of the facts now before the public utilities commission that there is little chance of winning in the controversy before the commission.

The Logan Gas Company supplies a chain of cities and villages throughout the southern section of Ohio and Indiana with fuel. The Jantha company is the distributing company. The Jantha people served notice that they would abandon the line at the expiration of their franchise.

The question whether the Jantha concern has jurisdiction in the matter or must lay its case before the public utilities commission and obtain a permit is the bone of contention between villages affected by the proposed cut-off and the gas company.

The company was placed under a restraining order in Common Pleas Court by Judge R. L. Gowdy for Osborn, Yellow Springs and Fairfield, which prevented the company from shutting off the supply temporarily. Other counties where the company operates obtained similar restraining orders.

Eight representatives of the villages, appointed to carry the case higher, will present their contention before the state Supreme Court, April 15. Attorney J. A. Finney, Xenia, was one of the eight attorneys appointed.

FESS WILL SPEAK

Senator S. D. Fess of Yellow Springs, will be the principal speaker at the annual junior and senior school banquet of Clinton County schools Wilmington, April 10. Three hundred boys and girls students representing eleven schools in the county will be guests. Guests and speakers will be taken on a theatre party after the banquet.

INVENTOR OF LEWIS MACHINE GUN SAYS BATTLESHIPS OUT

Los Angeles, Cal., April 3.—Colonel Isaac Newton Lewis, inventor of the Lewis machine gun and one of the foremost living authorities on modern warfare, in the first interview he has given since the beginning of the current aircraft controversy, declared here recently that every battleship and fixed land fortification in the world is obsolete as a means of defense against airplanes.

Colonel Lewis, whose machine gun was used by practically every allied nation that engaged in the World War, declared that he had retired from active life and that he did not speak officially. But, expressing his own opinion, based on his knowledge of military affairs and experience gained during the world War, he said:

"Having seen the seamy and tragic side of the last war, I sincerely hope that there will never be another war. But that hope cannot be realized, and we must prepare."

"If there is any one lesson that should be learned from the last war it is that airplanes have made fixed fortifications for coast defense obsolete. And this applies to all fixed fortifications—even to those we have on the Atlantic coast and at the Panama Canal."

"The same applies to the battleships of the present type, no matter how many millions of dollars have been spent on their construction or how big their guns may be. The development of airplanes, plus our improved means of communication, has rendered the \$15,000,000 battleship an anachronism in modern warfare."

"The two elements, to my mind, that must determine the naval defense of the future are aircraft and submarines, supplemented by speedy light armored torpedo-boat chasers and destroyers."

"On land, also, the defenses will be dominated by airplanes, and these will be supplemented by machine-gun battalions and motor-mounted infantry. Field artillery with the heavy guns mounted on movable bases, fighting emplacements for which have been prepared in advance, must take the place of all fixed armament."

U. S. Senator S. D. Fess, Yellow Springs, is enjoying a short stay in Orlando, Fla. He spent a short time at his home and left there for the South.

XENIA WOMAN'S MUSIC CLUB MEETING MONDAY

The next meeting of the Xenia Woman's Music Club will be held Monday, April 6, at the home of Mrs. William Anderson, on the Jamestown Pike. The program will be given by members of the third division. Members who do not have automobiles are asked to call Mrs. W. H. McGervy.

MARRIAGE TAKES PLACE FRIDAY

Miss Lucille Miller and Mr. Emerson Lane, both of Yellow Springs, were quietly married at the parsonage of Trinity M. E. Church, the Rev. V. F. Brown officiating, Friday afternoon at 2 o'clock.

Revival Meeting

Yes, it's an old-fashioned meeting. The one at the

Church Of The Nazarene

corner Bellbrook and Orange Sts. But that does not mean that the preaching is not first class and the singing as good as the best that can be had. It is old-fashioned only in the facts that the glory of the Lord comes down as it used to in the days of our fathers and the sermon themes are the rugged truths of sin, judgment and experimental salvation and that seekers pray through at the altar of prayer.

Rev. W. R. Gilley, pastor of the church is the evangelist and Prof. and Mrs. B. D. Sutton, of Olivet, Illinois, are leaders of song and soloists.

Services Sunday 10:45 a. m., 7:00 p. m., and every evening until the 12th at 7:30.

A CHANGE OF HEART

UNTIL a short time ago one of the most popular forms of sport was to harrass the railroads. It is true, that, in many instances, the railroads did not always act like good children are supposed to behave, but during latter years there has been a manifest desire on the part of the carriers of the country to be of real assistance to the people of the nation, to co-operate in every way, to get the produce of the farmers to the market, to get the manufactured articles of the mills to their point of distribution, and to provide better services all around.

During the last two sessions of congress there has been a decided sentiment in favor of the consolidation of many of the railroads. This sentiment has been caused by the recognition that the prosperity of the railroads is a material and a very necessary cement in the prosperity of the nation, so congress is getting to the point where they are willing to help by practical legislation to aid the railroads, if the railroads, will in turn aid the people.

President Coolidge, Chairman Watson of the Interstate Commerce Committee of the senate, and the Interstate Commerce Commission, are all intensely interested in seeing that the people of the country are given adequate transportation facilities. The entire question is one that will be carefully studied by the President and the others interested in the subject during the recess of congress.

HONEST AMERICANISM

THAT was an unusual spectacle at Richmond the other night when Secretary Mellon and Senator Carter Glass—former Secretary of the Treasury—described the necessity of taxation reform to a group of representative bankers. There was no politics there—just two honest Americans talking common sense and sound economics.

Mr. Glass, a Virginia Democrat, started life as a "printer's devil" at Richmond, built up an excellent newspaper and went to Congress, where as chairman of the committee on banking and currency he was the principal author of the Federal Reserve act. He was called to the Treasury, where he remained for a year and then went to the Senate, where he watches with disgust the antics of the Heflins, Caraways and others of his own party.

After Secretary Mellon had described his plans for the future, the reduction and reform of taxation, Secretary Glass addressed the meeting. He referred to Secretary Mellon in the most glowing manner—"the most representative man in the Administration"—and approved of every reform he proposed.

Too bad that Senator Couzens, Senator Norris, and more of that ilk were not present to hear what an experienced and honest Democrat thought of the great Secretary of the Treasury, whom they, as Republicans, have attempted to embarrass if not destroy.

FURNISHES NEW VERSION

EAST is East, and West is West, and never the twain shall meet," warbled Rudyard some years ago. But America and the Far East are getting together in the matter of trade, nevertheless. Last year we did an interchange of business with the Far East a trifle in excess of \$1,650,000,000. A little more than 40 per cent of this was export trade, and the import trade from that quarter of the globe included vast stocks of raw materials, silk, tin, jute, rubber, and the like, which went to the insatiable maws of American mills. And the good work keeps on going, for in January of this year the exchange of goods totaled nearly \$174,000,000 or at a rate in excess of \$2,000,000,000 annually. It would be fine to chalk up that total December 31, 1925. Then perhaps Kipling would give us a new version.

JUST FOLKS

Edgar A. Guest

MY WIFE AND I
My wife and I don't disagree
Except on things concerning me.
Our tastes run similarly straight.
For twenty years no touch of hate
Has marred our love. Our only spats
Have risen from my choice of hats.

My wife and I as one will think
Concerning meat and bread and drink
My business judgment she respects.
We have well-mated intellects,
Yet publicly she'll criticize
My "most outlandish" choice of ties.

My wife and I can get along
In things of literature and song.
She likes the plays I like to see.
We live almost harmoniously,
She's only scornful when she views
My awful taste in boots and shoes.

"That awful hat again!" she cries,
"I wish you'd let me choose your ties!
You've got those ugly shoes again.
Why can't you dress like other men?"
I'm sure we'd lead a happy life
If I could dress to please my wife.

READING THE HOME TOWN PAPER

By ANNE CAMPBELL
When you read the hometown paper,
And you're miles away from home,
There's a thrill that comes to no one
But the folks compelled to roam;
For the ads look so familiar
And the names are all so sweet
That your fancy goes a-roaming
Down a sunny hometown street.

When you read the hometown paper
In a gloomy hotel room,
There's a lifting tugs your spirit;
There's a lifting of the gloom;
For across the miles alluring
Is a picture looking grand,
And your folks come out to meet you
From the pages in your hand.

When you read the hometown paper
In a train that's homeward bound,
There's a satisfaction keener
Than is any you have found,
And somehow while you are reading
You've a heart as light as foam,
For to read the hometown paper
Brings you mighty close to home!

Today's Talks

ON APPROACHING

The trouble with so many folks is that they are either jostled, shoved, or just dropped into their day.

And then the day gets a jolt as it gives one to them.

A day should be approached gently, happily and with serenity. And then every hour will grow in richness and you will be your efficient self from the day's beginning to end.

Take an office, for instance. Where every member comes in on time and with a smile, after a good rest, the entire day is one of good work done.

But if any member of that office has come from a home that wasn't happy, or after unkind words or some trivial complaint, it cannot help but be reflected into a place where it does not belong.

Go to your work with a plan in your mind and with definite purposes formulated and you will enter everything you do with zest and enthusiasm.

The salesman who approaches his possible customer with an atmosphere about him that is cheerful and convincing, has an attentive listener to start with, which is one half the task of getting an order.

I have studied men who approach difficulty. Some do it with rare grace and courage, while others flop and flitter. The latter make themselves

a part of the difficulty to begin with whereas the former wipe it mostly away as they walk up to it.

Talk to a professional golfer or tennis player and the first thing he will tell you will be how to approach the ball in each instance.

There should be more said in the public schools and colleges about the proper manner in which to approach life—honestly, sincerely and with a vast background of grit.

WAYS TO WORLD PEACE DISCUSSED AT MEET AT BAPTIST CHURCH

Possible ways to world peace were discussed in an interesting and practical way by Mrs. Charlotte Reeves Conover, Dayton, at the First Baptist Church Thursday evening, lecturing on the subject "Sane and Insane Pacifism; Sane and Insane Militarism; and Both Sides of Preparedness."

Mrs. Conover cited instances of what she termed insane pacifist ideas and insane military promotion and contrasted them effectively with the sane pacifists and sane military believers who are both trying to find an effective way to world peace.

The reasonable pacifists, among them President Coolidge, believe in progressive disarmament by the great world powers instead of any sudden abandoning of the nation's defense before the rest of the world is ready to co-operate, she said. In speaking of the present popular acclamation to "make America first" Mrs. Conover said she would have America first in Christ-like co-operation, in sympathy, love and understanding, first in blazing a new trail into a world that would know war no more. She said the question of world peace must be settled by science, common sense and reason.

In discussing ways to peace as suggested in the book "Ways to Peace," compiled from the peace plans entered in the Bok Peace Plan Contest several strong points were suggested as follows: progressive disarmament; the outlawry of war; making war a crime to be dealt with as such; conferences between nations for the purpose of mutual understanding and co-operation; a citizen's army trained for defense instead of large standing armies; conscription of wealth in times of war, making it possible for the nation to command the entire resources of the country; an agreement among scientists that they refuse to produce the destructive elements upon which modern warfare depends; a bureau of conciliation and a secretary of peace.

The speaker urged the using of all means that would create public opinion strong enough to outlaw war. She suggested that the children in the public schools discuss and study it and that all loyal citizens interest themselves in the matter.

Mrs. Conover will give the final lecture of the series next Thursday evening at the First Baptist Church when she will discuss "America First."

SEVEN EXAMINED AT ROTARY CLUB CLINIC

Seven patients were examined at the Rotary Crippled Children's Clinic, held in the offices of Dr. R. H. Grube, in the Court House, Friday morning.

Dr. James Walker, Dayton, orthopedic specialist, had charge of the clinic and was assisted by local physicians and Miss Helen Evers, Red Cross nurse; Miss Jennie Moffett, Social Service League nurse, and Mrs. H. A. Hoffman.

Thomas J. McNier, of Columbus, was returned to that city Friday morning by Franklin County authorities to face a charge of non-support. He was arrested here Wednesday night by Sheriff Morris Sharp and Deputy Sheriff George Spencer. Authorities say he deserted a wife and child.

MRS. FRANK PETERSON
DIES FRIDAY NOON
Mrs. Florence Peterson, 66, wife of Frank Peterson, passed away at her home on the Wilmington-Dayton Pike, near Spring Valley, Friday, at 12 o'clock noon. Death was caused by heart trouble, from which Mrs. Peterson had been ill for five months.

Mrs. Peterson was born in Adams County, and her marriage to Mr. Peterson took place in December, 1881. Besides her husband, she leaves three sons, John, Lester and Paul Peterson, who reside on farms near Spring Valley. Two sisters, Mrs. John Hood, Spring Valley and Mrs. Sarah Liggett of Newport, Ky., and one brother, R. C. Smith of Xenia, also survive.

She was a member of the Methodist Church of Spring Valley and of the Daughters of America Lodge. Funeral arrangements have not been completed.

BAPTIZE IN LAKE
Several converts to the Church of God will be given the rite of baptism by immersion at the O. S. and S. O. Home lake, Easter Sunday, it has been announced.

The persons to be baptized will be led into the lake by the pastor and immersed in the waters, this ceremony being a church custom.

PALM SUNDAY WILL BE OBSERVED IN MANY XENIA CHURCHES WITH SPECIAL SERVICES

Palm Sunday, commemorating Christ's triumphal entry into Jerusalem, when the multitude strewed palm branches in His path, and which is observed in churches over the world the Sunday preceding Easter, will be celebrated in Xenia churches, according to the announcements of local pastors.

The observance is marked by special sermons and music in the various denominations and in some instances programs are prepared in celebration of the day.

At the First Presbyterian Church, Market and King Streets, the Rev. W. H. Tilford, will have a special Palm Sunday message at the morning service, which will be featured by the graduation exercises of the Primary and Junior Departments. Miss Zella Soward will sing "The Palms" at the morning hour of worship.

C. O. Nybladh, acting rector at Christ Episcopal Church will preach on "The Palm of Victory" at the morning service in that church.

Communion will feature the observance of the day at the First M. E. Church, at the regular sermon hour. The Rev. F. W. Stanton, pastor, will speak on "Palm Tree Christians" at the evening service at 7 o'clock.

The Holy Sacrament will mark the services Sunday at Trinity M. E. Church, according to Rev. V. F. Brown.

The Rev. D. A. Sellers will preach on "Why Observe Palm Sunday" at the First Reformed Church Sunday morning. The choir will sing special numbers in keeping with the day. The pastor will have another special message at the evening service and the choir will sing "Palm Branches."

The Rev. R. E. Brown will preach on "A Sealed Book and a Slain Lamb" at the morning worship hour at the First Baptist Church.

The Sunday morning service at the First U. P. Church will include a special program by the Monmouth College Girls' Glee Club. The Rev. J. P. Lytle will preach on "The Man He Might Have Been" at the evening service.

The College Glee Club will furnish music at the morning and evening service at the Second U. P. Church, and the Rev. C. P. Prouditt will deliver special sermons.

Palm Sunday is especially significant on the Catholic calendar, and will be marked by the distribution of palms at the 10 o'clock Mass Sunday morning at St. Brigid's Church here.

Last Sunday ushered in the Passion season when the purple draperies of mourning call to mind the period of observance of the passion and death of Christ. Palm Sunday also ushers in the final week of Lent when the season closes with the various church ritualistic ceremonies in observance of Holy Thursday, Good Friday and Holy Saturday that lead to the resurrection observance on Easter morn.

HALLAS FORCES PETE MONTANA TO GIVE UP AFTER FALL A PIECE

BY L. J. WONES

Billy Hallas, after winning the second fall when he threw Pete Montana with a flying mare that rendered the Iowa man useless for the rest of the evening, was awarded the third fall and the match Thursday night at Eagles Hall.

The injury to Montana is rather serious according to Dr. Paul Espey, who said that several ligaments in Montana's neck and chest were torn loose while one of his ribs was also battered badly.

Montana fought an uphill battle throughout but after forty-two minutes of wrestling he managed to make the Canton mat man give up when he got a toe hold. Montana showed nice form throughout but there is no doubt in the writer's mind that Hallas is his superior. Montana used a toe hold well.

Hallas came back strong for the second fall and after five minutes of tussling he threw Pete with a flying mare that ended the evening's entertainment. Hallas showed fine form throughout the bout and was the aggressor all the way. The bout was fast with both men working hard from the outset. There was a lot of slapping and shoving and a few rough tussles. The crowd on the floor and on the bleachers was very large and the atmosphere was very exciting. The bout was a real treat for the fans and the crowd was very much interested in the contest.

PROMINENT LAY CHURCHMAN DEAD

St. Clairsville, O., April 3.—John B. McMechen, 77, one of the most prominent and widely known citizens of eastern Ohio, was dead at his home here today. His death was the direct result of injuries sustained Saturday, when in walking upstairs at his home he slipped and fell, his head striking the newell post.

McMechen was prominent in the affairs of the United Presbyterian Church, having served as treasurer of the Ohio synod for years. He was also at one time a trustee of the Pittsburgh Theological Seminary.

At the time of his death he was general agent of the National Life Insurance Company and was at one time president of the Valley Savings bank here.

He is survived by his widow, and one son, William F. McMechen, of Tulsa, Oklahoma.

GIVEN SUSPENDED SENTENCE TO PEN

Clarence Weakley, colored, Cedarville, was given a suspended sentence of from one to twenty years in the Ohio State Penitentiary by Judge R. L. Gowdy, when he changed his plea from not guilty to guilty in Common Pleas Court on a charge of cutting with intent to wound.

Weakley was indicted by the last special grand jury on the charge of cutting and wounding John Buckner, of Cedarville, in that village several months ago and entered a plea of not guilty. He changed his plea when his case came up for trial.

The sentence was suspended by Judge Gowdy on the recommendation of Prosecuting Attorney J. Carl Marshall.

BAPTIST CHURCH TO HAVE REVIVAL HERE

Evangelistic services will be held next week, at the First Baptist Church, as is the custom preceding Easter, the Rev. R. E. Brown, pastor, has announced. The Rev. Mr. Brown will preach every night except Saturday on some gospel theme.

The service Sunday evening will begin at 7 o'clock and at 7:30 o'clock during the week. The public is invited to all the meetings.

WIDOW CRIES FOR JOY

"I couldn't eat anything but raw eggs and sweet milk and was so weak I could hardly walk across the room. I would have been in my grave today if I hadn't taken Mayr's Wonderful Remedy when I did. When I think how I have suffered with my stomach and how good I feel now I cry for joy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Is The World Too Religious?

Missionaries do not have to teach the Non-Christian world—two-thirds of the human race—to be religious. They are now too religious already, many of them religious fanatics. Almost every movement they make during the day is guided by religious instinct of religious teaching.

The world today does not need religion. It needs Christianity. Christianity is more than a religion. It is Life—complete life—embracing every phase of human activity.

If you want to be really alive from head to foot, your whole body and soul at tune to the great pulsating, magnetic laws of God's Universe, be a Christian! Taste real life. Come to Church this Sunday. Let us tell you more about it. Be alive! be an active Christian!

BUSINESS COLLEGE ALUMNI WILL STAGE ANNIVERSARY PARTY

Men and women of Xenia who attended Miami-Jacobs Business College of Dayton, are invited to participate in the Sixty-fifth birthday anniversary party of that institution which will take place early in May.

The celebration is to be a joint affair. One day will be given over to men and women throughout the Miami valley who received their early business training at the college.

On the second day the program will be devoted to paying tribute to A. D. Wilt, founder of Miami Jacob's Business college who will come to Dayton from his home in New Canaan, Conn., for the occasion. Mr. Wilt is past his eightieth birthday and has a wide circle of friends throughout the state.

W. E. Harbottle, president of Miami Jacob's Business College, is heading the movement for the celebration which will conclude with a testimonial dinner to Mr. Wilt.

Assisting Mr. Harbottle in the project are a number of prominent men and women of Dayton who had similar plans under way in 1913 but which were halted by the historical flood in the spring of that year.

Within a few days the exact dates for the reunion will be announced. At that time, also, a present or past student of the college from each community in the Miami Valley will be named to take reservations for the testimonial dinner.

It is planned to hold the dinner at the Miami Hotel and approximately 500 men and women who have attended the college will be in attendance.

Mr. and Mrs. John Smith, north of town, are on the sick list.

Oliver Webb and Harry Finafrock have moved into Mrs. Webb's house on Maple Street, and Mrs. Emma Gibson and daughter will occupy Mr. Finafrock's house.

Mrs. Nettie Wilson has been con-

fined to the house a number of days with grip.

The property of Harry Penewit, deceased, located on West Franklin Street, will be sold at the west door of the courthouse in Xenia at 10 o'clock a.m., Saturday, April 4.

Funeral services were held for Elizabeth Howland at the M. E. Church Sunday afternoon, Rev. W. E. Walley officiating. The deceased was in her eighty-second year. One brother, Gill Howland, and one sister, Mrs. Mattie Smith, survive her. Miss Howland's death came just a week after her deceased brother, A. R. Howland had passed away.

The county commissioners were in town Wednesday arranging with the township trustees for joint township work.

Local thermometers Thursday climbed to an altitude of 76 degrees.

John Hunt, who has been employed for several years on the new centralized school building at Parkersburg, W. Va., came home Friday for a short visit with his home folks.

Little Robert Lee McCoy, the 3 yr. old son of Mr. and Mrs. Roscoe McCoy, has been returned home from Philadelphia, following a successful operation made necessary on account of the lodgment of a peanut in one of his lungs. The little fellow is fast recovering from the effects of the operation.

The Kings Servants Sunday School Class of the M. E. Church, met at the home of Mrs. Bertha Ramsey Monday evening.

Bids were received by the Sugar-creek Township Board of Education up until 8:30 o'clock Monday evening, April 6, for pulling and burning the

hedge fence west of the new school building on East Street between Anderson Belts and Jacob Baroff's lines.

We are informed that work is soon to be resumed on the new Jr. O. U. A. M. Building which was started in the summer of 1922 and on which work was discontinued on account of lack of funds.

Mrs. Weller Haines who has been ill for a number of weeks, is reported better.

The Willing Workers Sunday School Class met at the home of Mrs. Leona Barnard, Friday night.

Mrs. Edna Rohrback and child of Niles, O., is paying her father and mother, Mrs. C. L. Glosser a two weeks visit.

O. R. Peterson, of Dayton, paid his mother, Mrs. Emma Peterson, a short visit Saturday.

Harry Blum, who is operating Gov. Cox's farm at Tralls' End, near Dayton, was here calling on friends last Sunday.

Paul Boram was severely injured in a basketball game last week.

Walter and Glenn Edwards were visitors in the village Saturday night.

There was a decided slump in local basketball stock Saturday night when the Dayton boys put the finishing touches on the home boys 31 to 25, and the Dayton girls almost annihilated the home girls by piling up a score of 24 to 2.

The recent resurrection of an ancient newspaper — "The Bellbrook Moon," printed in 1885, revives in the minds of former ball players an interesting game which took place at Cramer's field between the home boys and a team recruited from Day-

ton, Fairfield, Alpha and the Big Woods, and resulted in a 9 to 5 victory in favor of the home team. The home team was composed of Willis Marshall, Daniel Marshall, Joseph Marshall, Frank Marshall, (father and uncles of Senator L. T. Marshall and Prosecuting Attorney J. Carl Marshall), Albert Kemp, Frank Weaver, John Penewit, James Zell and Clarence Fulkerson. A few days after the game, the bard of Avon got

busy, and inserted in a Dayton paper the following poem:

Bring your little balls and bats,
You Marshalls and Spring Valley brats,
We know you are grinning at the moon,
But your grinning was too very soon."

The Editor of the Moon, Morgan Fudge, was not slow, and issued the following in reply:

"Bring your Alpha and Dayton toughs,
Fairfield bruisers and Big Woods

roughs,
Your Lantzes too for all we care,
You bet your life we'll all be there."

LESS OHIO FARMERS PRODUCE MORE CROPS ECONOMIST STATES

In Ohio today less farmers are producing more crops than ever before in the history of the state. Dr. J. I. Falconer, rural economist at Ohio State University, says this productive efficiency has increased 20 per cent in the past 15 years due to better machinery, better roads and more improved farm practices.

"The past 15 years has seen an increase in the productive efficiency of the Ohio farm which has never been paralleled in the history of Ohio agriculture," Dr. Falconer maintains. "The average Ohio farmer is producing fully 20 per cent more than in 1910."

"This increased efficiency has been brought about largely through the adoption of more and larger machinery such as the gas engine, tractor and automobile, together with better roads, and more improved farm practices. With this increased efficiency came the great increase in the volume of agricultural production."

"In the United States as a whole from 1910 to 1920 the average number of acres handled by each man increased from 24.6 to 32.6 or an increase of 24 per cent. The total volume of agricultural production increased 15 per cent."

"Along with this increase in productive efficiency of the individual farmer has gone a decrease in the number of farmers. In the United States in 1910 there were approximately 12,600,000 persons engaged in the occupation of farming. Today there

are not over 10,000,000 or a decrease of about 20 per cent in 15 years. "With this decrease in the number of farmers the volume of production has increased, and there is nothing to indicate that the progress of the past 15 years will not be continued during the next decade."

LARGE CROWD HEARS EVANGELIST SPEAK

One of the largest services during the evangelistic campaign at the Ku Klux Klan Tabernacle, East Third Street, was held Thursday night, when the Rev. Mr. Linebaugh talked on "The Dance of Death."

The sermon was preceded by a band concert, at 7 o'clock. A large attendance is expected Friday night to hear the large chorus that will give a concert. Sunday, the closing day, is also expected to attract a large crowd.

RICE ADDRESSES DAYTON LIONS CLUB

Attorney Morris D. Rice, of Osborn, explained the details in the moving of "Old Osborn" to its present site "New Osborn" near Wilbur Wright Field to members of the Lions Club Thursday noon at the Miami Hotel in Dayton.

Explaining his topic "Moving a City," Attorney Rice characterized it as one of the unique projects in the world.

FORMER XENIAN IS ENGAGED TO DIRECT CHURCH CHOIR HERE

R. A. Stillings, Dayton, former Xenian, will be engaged as choir director at the First M. E. Church, this city, it was decided at the meeting of the official board of the church Wednesday evening.

Mr. Stillings will have charge of the general church music and will begin his work, Sunday, April 19. He has had large experience in the music field and is now a member and director of the Linden Avenue Baptist Church Quartette, Dayton. He attended the Moody Bible Institute, and gained experience there in directing church music.

He assisted in the musical services during the recent evangelistic campaign at the local church and his success at the time led to his selection for a permanent post by the congregation.

WE'RE LIVING HIGH FOOD SURVEY SHOWS

What the average person eats in a year in Ohio, at least, has been discovered as one result of a survey of the city of Lima by marketing extension men from the Ohio State University.

Among vegetables, potatoes rank at the head of the list with 176.9 pounds consumed by the average person in Lima in a year. Of that total 6.5 pounds were sweet potatoes. Cabbage comes next with a per capita consumption in a year of 25.95 pounds, green, dry and canned, 16.18 pounds; onions, 15.8 pounds.

All other vegetables fall below 10 pounds consumption per capita, with cauliflower at the foot of the list, having less than a pound per capita consumption in a year. Beets, carrots and spinach are under 2 pounds per capita a year.

Apples lead the fruits consumed with 55.88 pounds per capita; peaches 37.63 pounds; oranges, 25.2 pounds; strawberries, 18.1 pounds; bananas, 17 pounds; and watermelon, 16.1 pounds per capita.

Pork is well in the fore in meat consumption with 94.8 pounds consumed by the average person in a year. Next comes beef with a per capita consumption of 60.1 pounds; dressed poultry, 9.4 pounds; mutton, 1.4 pounds. Egg consumption averaged 27 dozen per capita and milk, whole and condensed 266 pounds or about 133 quarts per capita.

Twice as much butter as oleo is consumed, the figures being 42.8 pounds of butter and 20 pounds of oleo per capita in a year.

JOHN LOYD IN CHARGE OF PARK SITE WORK

John Loyd, of the Loyd Contracting Company has been temporarily appointed by officials of the Xenia Recreation Association to supervise preliminary work of developing the site in the Dodds Addition for a park.

The association officials have employed several men and several teams of horses to clear the tract of weeds and underbrush, lay drain tile, plough

the higher places, and level the acreage.

In several weeks the park will begin to take definite shape with trees trimmed, grass seed sowed and the ten acre tract leveled, but excavations for the lagoon will not be begun for several weeks. Meanwhile preliminary work is being pushed as far as possible with the present funds.

LOCKED IN ICE BOX

Columbus, O., April 3—Locking two employees and a customer in an ice box an armed negro today escaped after stealing about \$200 in cash at a Kroger store in St. Clair Avenue. Those imprisoned were John Biggin, manager; Theodore Wilson, butcher and a little girl. Soon after the bandit escaped the prisoners were able to open the ice box.

THE FLIGHT IS ON
The vagrant birds of passage are in full flight. The annual spring rush of hobs from the south is on. A rough, happy, go-lucky lot they are with eyes bleared from wayside fires, shoes with toes out and ears cinder-filled from rides on the roads.

Every year they come northward with the spring. Couched under bampers, they hide from hawk-eyed detectives to keep from being set off by the roadside. Between freights they make back doorsteps and spiel tales of being walloped by the cruel hand of fate.

Many have lost jobs and are hurrying to others, which are promised, they will tell you. Some trudge the streets or other plots with which to wring the reluctant nickel from and tell ear-riking stories of sick wives and ailing children. The passerby. Others have different plans and work back doors for "hand outs."

Types! There was Omaha Bob, an aged man of weather-beaten countenance whose ragged pockets bulged with foodstuffs wrapped in soiled newspapers. He was seen plodding along the traction line on Main street Monday. He claimed to be bound for the fields of the West and was planning on a night freight.

"Dallas Jim" spoke freely of the "good old days" when kitchen grub was easier to get-when he was now and then invited in and allowed to place his feet under the kitchen tables. Now he says a lot of bums have taken to 'ambin' around and have spoiled hobbing for a lot of regular fellows.

Every night Miami Valley cities and villages are hosts to a few of the queer wandering stragglers. After dusk they are found warming their coffee over wood fires, waiting for a chance to huddle in car hoppers and speed on their never-ending journey. Hitin' the ties ain't what it used to be.

AMERICANS EAT TOO MUCH SUGAR EXPERT IN NUTRITION SAYS

Most Americans eat about twice as much sugar as they should. It's a food that ought to be consumed with some degree of discretion.

So Lelia C. Ogle, nutrition extension specialist at the Ohio State University, asserts in an article written for Ohio agricultural extension workers under the title, "The Truth About Sugar." She suggests that sugar consumption be reduced to one half the present rate and that the consumption of other materials which supply energy be increased.

Refined sugar is a one-sided food, its sole nutritive function being to serve as a fuel, Miss Ogle points out. And as the energy requirement of the body is met more and more by the consumption of refined sugar, there is a constantly increasing danger of unbalancing the diet and making it deficient, according to Dr. H. C. Sherman of Columbia, "in some of the substances which are needed for the building and repair of body tissue and for the regulation of physiological processes."

Sugar is a food for which no training of appetite or taste is necessary, Miss Ogle explains. And "Unless checked, the appetite for sugar and sweets seems to increase until interest is lost in foods of blander flavor, such as cereals, milk and vegetables. This is the main reason for withholding sugar from growing children's diet."

"Sugar and sweets should be taken at the end of a meal, but never at the beginning or between meals. This gives the individuals of low appetite an opportunity for larger food intake without damage."

BRINGING UP FATHER

Michael's Marriage

By MICHAEL

CHAPTER VI.
Helen arrived in the city from Chicago on Friday morning. Michael, who usually ate his lunch with a newspaper before him, read about it in the society columns, in which he suddenly had become interested.

Having mused about it at length, on his way back to the office, he telephoned a florist shop and had flowers dispatched to Helen.

On Saturday he received an invitation to tea Sunday afternoon at the Peabodys. She did remember him. He had been worrying whether he was too presumptuous in sending her the bouquet.

Sunday found him worrying whether he should "dress up" for the tea. He knew that if he went in formal attire for such an occasion it would be a compliment to her, but he didn't want to be the only man there looking like a clothing dummy. He decided to call up Alanzo; perhaps Lonnie was going to the party. But Lonnie was out. So there was nothing to do but dress up.

There were only two cars in the driveway of the Peabody house when Michael arrived. He wondered if there was to be a crowd; he hoped not. He disliked crowds. He was glad that he was early; if he happened to be the only man present in a cutaway coat, then he would be less conspicuous if he happened to be in the house when the other guests came. So he told himself, without reasoning about it.

Only a woman at a ball in calico could know the distress of a man who is the only one at an affair in correct attire. So Michael was enormously relieved when he glimpsed Jimmy Thyme in a cutaway coat. It didn't matter if none of the other men wore else than sport clothes, since Jimmy, darling of the girls, was attired in the same fashion.

Helen was not in view when he entered the house, so he had to occupy himself in exchanging small talk with Lorna one of the Peabody girls, neither of whom he liked. What did Helen see in them? Why didn't she visit the Prices, or the Thynes? No, not the Thynes; Jimmy would be around too much.

He remembered Helen as the sylph-like bathing girl; consequently he was jarred when he saw her. She had taken on weight and coarsened perceptibly. Her ankles had lost their Peter Pan-like formfulness and

LE SOURD BACK WITH OHIO WESLEYAN NINE

With ten regular players back and a number of promising recruits out for the team, coaches at Ohio Wesleyan University believe that baseball prospects at the university for the coming spring season are unusually good.

Among the letter men back in uniform is William LeSourd, former Xenia Central High School athletic star who has played regularly in the center field position on the varsity nine for the past two seasons. He is in his senior year.

LeSourd is one of the slugging stars of the team, breaking up several games last year with long and timely drives, besides fielding well in every game.

A development of a capable battery constitutes the biggest problem of Wesleyan coaches.

Wesleyan will play its first game April 13 when the university nine travels to Columbus for the annual bid-lifting game with Ohio State University.

After 12 years' suffering with constipation, Kellogg's ALL-BRAN brought lasting relief

Florida woman feels ten years younger. Nomore headaches or medicine.

Think what it means to be everlastingly free from the dull, throbbing headaches, sallow skin and perpetual tiredness which are constipation's toll. But let Mrs. Bevis tell you her inspiring story:

Words can't express my gratitude for Kellogg's ALL-BRAN. For 12 years I suffered with constipation, always taking medicine, had dull headaches and never felt well. For the past 12 months I've eaten ALL-BRAN and haven't taken one drop of medicine. I've gained in weight, my health is so improved I feel 10 years younger.

(Signed) Mrs. F. S. Bevis, Jacksonville, Florida.

Kellogg's ALL-BRAN will bring sure relief to you just as it has to Mrs. Bevis and thousands of others. It is a bulk food that doctors recommend. It is guaranteed to be permanently effective, if eaten regularly, or the purchase price will be returned by your grocer. Only ALL-BRAN brings sure relief.

Eat at least two tablespoonfuls daily—in chronic cases, with every meal. Try the recipes given on the package. Kellogg's ALL-BRAN is nature's own way of cleaning the intestine. Made in Battle Creek, Mich. Served at leading hotels and restaurants. Sold by all grocers.

QUASH INDICTMENTS AGAINST OIL MEN

ACTION FREES FALL, SINCLAIR, DOHENY OF PROBE CHARGES

Decision Follows Long Legal Battle Waged By Opposing Counsel.

Washington, April 3.—The indictments returned against ex-Secretary of the Interior Albert B. Fall, Harry F. Sinclair and Edward Doheny at the time of the congressional oil investigation, were quashed in the supreme court of the District of Columbia today by Chief Justice McCoy. The indictments had charged conspiracy to defraud the government.

Quashing the indictments followed an extended legal battle waged by counsel for the accused men. For almost a year some of the best legal talent in the country has attacked the indictments, alleging them to be faulty.

Whether the government will appeal from Chief Justice McCoy's decision was not immediately made known, the belief however, being that it will.

ELLINGSON SANITY CASE IS SPEEDED TO HASTY CONCLUSION

Defense Expects To Conclude Evidence Friday—Decision Expected This Week

San Francisco, April 3.—The mental status of Dorothy Elingston probably will be determined this week.

Speeding her sanity trial today her counsel planned to finish their case by adjournment of court tonight.

Testimony of Dr. Jau Don Ball and possibly one of two other alienists was expected to conclude the defense case. The basis of their case in the form of hypothetical questions has been built in lay evidence now before the jury of nine men and three women who will determine the issue.

Summaries of the evidence indicated:

1.—Pre-natal influences of a mentally disturbed mother and antenatal rather pre-disposed the 16-year-old girl to insanity.

2.—Lack of control, disregard of parental restraint and waywardness in extreme youth.

3.—Abnormal physical development for her age, an unstable vaso-motor system, an under-functioning thyroid gland and an abnormally high blood pressure.

4.—Unnatural conduct immediately after the slaying of her mother in attending a party and the abnormal slaying itself.

The case was practically in reverse today. Taking state witnesses the defense proved the facts of the slaying and the girl's confession of it. They recited her life history and that of her family.

And with the closing of the defense case the state will undertake to prove that Dorothy is normal in all respects, that reactions and alleged unnatural actions were the natural acts of a person placed in the position Dorothy found herself.

CHILD CHOKES TO DEATH ON GRAIN OF POPCORN THURSDAY

A small grain of popcorn quickly snuffed out the life of Norma Kathleen Fawley, 6, only child of Mr. and Mrs. Lee Fawley, 712 South Chestnut Street, Thursday night.

The child and her mother were sitting in a machine in front of The Smoke House on South Chestnut Street about 7:30 p.m. Thursday, eating popcorn while Mr. Fawley went to the Arcade Billiard Hall, nearby.

Norma Kathleen suddenly choked on a grain of the corn and her mother called passersby to aid the child in her distress. Efforts to dislodge the corn proved fruitless and the girl was taken to the offices of Drs. A. C. and H. C. Messenger.

While physicians were hastening to perform an operation to remove the kernel, the child fought for breath and died.

The child's father is manager of the branch store of the Kroger Grocery and Baking Company, East Main Street. The family formerly lived at Yellow Springs.

Littleton Brothers, Yellow Springs undertakers, took charge of the body. Funeral services will be held at the home of Mrs. Fawley's mother, Mrs. Jacob Diehl in Yellow Springs, Saturday afternoon at 2 o'clock with interment in Glen Forest Cemetery.

TO RESTORE RIVERS

Defiance, April 3.—The Maumee and Auglaize river banks at Fort Defiance, Northwestern Ohio's most notable historic spot, will be restored to nearly their original lines and protected from water that has been steadily cutting them down, as the result of an appropriation of \$20,000 included in the revenue bill that passed both branches of the Ohio legislature.

FATE OF CHAPMAN NOW IN HANDS OF JURY

Goes From Plow To Auto!

Norwalk, O., April 3.—The hard hands that two days ago gripped the working end of a plow will from now on rest in ease on the steering wheel of an expensive automobile, in the case of Fred Anderson, 38, a bachelor farm worker who was notified today that the large estate of his sister, Mrs. Agnes McClure, who died recently in Philadelphia, had been left to him.

The fields of corn and wheat and alfalfa that Anderson's eyes have

surveyed for years, as he wrested crop after crop from the stubborn soil, will be changed to a scene of tall buildings; the calmness of rolling farm lands will be substituted for the hustle and bustle of a booming city.

A large Philadelphia apartment house and \$48,000 cash, as well as the expensive automobile, will be the bachelor farmer's to have, while eight years of toilsome life near Norwalk and Bellevue will be but a memory of things turned into the past.

VERDICT ALLOWED IN DENNISTOUN CASE IS SET ASIDE BY COURT

Holds Awarding Of \$25,000 Damages Void And Divides Costs In Famous Case

London, April 3.—In the face of the jury's verdict that Colonel Ian Dennistoun had entered into an agreement to support his divorced wife, Justice McCordie today handed down his decision that the agreement was void and unenforceable.

By the decision pretty Mrs. Dorothy Dennistoun loses the \$25,000 damages against her former husband which the jury awarded her. Technical rulings added by Justice McCordie practically divided the costs of the case between Colonel and Mrs. Dennistoun.

A stay of execution was granted by the justice in order to permit either Dennistoun or his wife to enter an appeal.

McCordie held that Colonel Dennistoun had not acted oppressively and therefore should not be held for the costs upon the claim for breach of contract which his divorced wife brought against him.

The jury had awarded Mrs. Dennistoun, who divorced Dennistoun prior to his marriage to Lady Carnarvon, \$25,000 damages and \$6,000 debt claims after a trial which electrified London with its testimony of intrigue in the upper strata of social London and British army life.

Justice McCordie took the decision under advisement.

Before handing down his decision today, the justice offered a defense of England's social life.

"I agree with Justice Shearman that cases like this do not represent the general life of the well to do of England," he said, referring to Judge's comment when Mrs. Muriel Waterhouse secured a \$50,000 judgment against Captain Sir David Wilson Barker and Lady Wilson Barker.

"These cases give a wholly false impression of English family and social life," he added.

FAMILY RESCUED WHEN HOUSE BURNS

Newton, Mass., April 3.—Trapped by fire in the Felton mansion, Herbert Felton, his wife, daughter and three maids were rescued by firemen today.

Herbert Felton, Jr., a son, risked death by running down a blazing stairway to summoning help.

During the days of prohibition, Felton was proprietor of a rum distillery and the fame of his product was countrywide.

The mansion, one of the showplaces of West Newton, was destroyed by the flames.

Felton, his wife and 13 year old daughter, Anna, were crouched on a balcony extending over the front entrance to the mansion when firemen arrived. Ladders were put up and the family was carried to safety.

The three maids were rescued from a second story window at the rear of the house.

FATHER OF GIRL HELD ON CHARGE OF VICE REFUSES TO QUIT CHURCH

Lorain, O., April 3.—"I won't resign. I'll continue to carry on the work of the church."

Thus Rev. Thomas Howard Jones, pastor of the Peoples Church here, asked last night to resign his pastorate, following the binding over to the grand jury of his daughter, Miss Lucille Jones, 19, on charges preferred by Ethel Kun, 15 year old school girl, answered his officials.

The demand for his resignation was made at a mass meeting of members of the church. The meeting closed when the board of trustees, ladies' guild, stewards and members of the building committee, resigned in a body.

OFFICIALS OF DODGE BROTHERS CONFIRM SALE OF AUTO PLANT

Declares No Mergers Or Changes In Policy Contemplated—Rumor Says Different

Detroit, Mich., April 3.—Dodge Brothers officials today, in a telegram to all dealers throughout the country, confirmed the sale and announcement of the second largest automobile plant in the country to J. W. St. Pierre and said that there would be no mergers or changes of policy or personnel.

Despite this assurance however, persistent reports emanating from financial circles, name E. G. Wilmer as being slated to assume the presidency of the Dodge Company in the near future.

Wilmer is chairman of the board of directors of the Goodyear Tire and Rubber Company of Akron, O., which is controlled by Dillon, Read and Company in which he is also said to be a partner.

S. W. Howland, of the legal staff of Dillon, Read and Company, remains here today in sole charge of the Wall Street banking firm's interests in the purchase. Wilmer and A. C. Schwartz who put the sale through for their principal, Clarence Dillon, left for New York last night.

To the last moment of their stay both men declared they were not at liberty to divulge the sum paid for the Dodge plant. The deal is known, however, to have been one of the largest, if not the largest—entirely cash transactions in financial history.

Before leaving, Schwartz and Wilmer reiterated that the deal was absolutely closed without possibility of hitch, and called attention to the statement from Dillon in New York, that "We have advance subscriptions for Dodge stock totalling more than three times the amount paid for the plant," as sufficient proof that the deal would hold good and the entire price paid in cash.

Dr. Lynde Jones, head of the department of ornithology at Ohio State University and Dr. H. M. Johnson, also of Ohio State, who has just returned from Cuba, are on today's program.

Dr. E. N. Traneau, of Ohio State, the society's president, is presiding. Group meetings will be held this afternoon and tomorrow, covering such matters as biology, geology, zoology and botany.

Leading research men of the state are in attendance.

BANDIT ELATED OVER FAVORABLE SHOWING HE MADE AS WITNESS

Summing Up of Counsel Completed at Morning Session of Court

Hartford, Conn., April 3.—The fate of Gerald Chapman, notorious bandit, on trial for murder went to the jury at 12:59 o'clock this afternoon. The final hours of summation by defense and state began this morning after which Judge Newell Jennings, delivered his charge to the jury. Chapman is accused of the murder of James Skelly, a New Britain policeman.

Chapman entered the courtroom this morning, visibly elated over memories of his favorable impression made on the witness stand. He smiled confidently while talking with counsel.

Eager crowds outside the courtroom jostled with a cordon of police for admission to the trial.

The courtroom was filled hours before Judge Jennings took his place on the bench. Frederick G. Groehl, of the Chapman counsel, faced the jury in a closing forty minute plea for the life of the mail bandit. He resumed his address shortly after ten o'clock.

"I do not want this man convicted for a crime, (the murder of Skelly) he did not do," Groehl declared to the jury, referring to Chapman. Groehl admitted Chapman was a crook.

Groehl bitterly denounced Walter Shean, self confessed accomplice of Chapman.

"When Chapman held up the mail truck in New York he picked no weakling," Groehl asserted. "Do you think it reasonable that Chapman would pick a 'piker' like Shean to work with? The accused used Shean as a 'lobby-gal,' if at all, merely a hanger-on."

Groehl then took up the identification of Shean as "the man who shot me," by the dying Skelly brought out in the testimony.

"A dying man wouldn't be mistaken as to the man who shot him," declared Groehl.

Groehl made a stirring address, driving home his points by smashing his fist down on the counsel table. He finished with this dramatic exhortation:

"Chapman is going back to the dungeon in Atlanta prison where he'll never escape. Let him live to repent. That is the best punishment he will die in Atlanta jail. If you are satisfied as to a reasonable doubt, I say, gentlemen, let him live to repent."

The defense closed its summation at 10:32 o'clock.

The indictment upon which Kirby was tried alleged that he falsely claimed profits totalling \$2,200,000 on bonds not issued at the time the statement was made and bolstered up the cash balance by addition of \$220,000 in checks, signed by himself, which he had directed the treasurer to hold.

ACADEMY OF SCIENCE GOES INTO SESSION AT WOOSTER, OHIO

Speaker Explains Relation Of Health To High Grade Quality Fruits

Wooster, O., April 3.—Sessions of the 25th annual meeting of the Ohio Academy of Science got under way here this afternoon, with about 160 delegates in attendance.

Professor J. S. Houser, entomologist at the Wooster experiment station, opened the program with a paper on orchard spraying and human health in which he showed direct and indirect beneficial results upon health by the cultivation of higher grade apples through proper spraying.

Scientists were looking forward with much interest to a discussion of "the daily life of the American Eagle," by Professor Francis H. Herrick, who studied the eagle at Vermillion where the construction of a new nest was started recently, after a former nest was destroyed in a storm. Dr. Herrick will speak tomorrow morning.

Dr. E. N. Traneau, of Ohio State, the society's president, is presiding. Group meetings will be held this afternoon and tomorrow, covering such matters as biology, geology, zoology and botany.

Leading research men of the state are in attendance.

HEARING POSTPONED

Columbus, O., April 3.—Announcement was made today by the state utilities commission of the postponement from April 9 to May 6 of the hearing relative to the application of the Logan Gas Company for approval of proposed increased rates.

FRENCH CABINET AVOIDS CRISIS THROUGH NEW FINANCE MINISTER

KIRBY ACQUITTED OF CHARGE OF ISSUING FALSE STATEMENT

Jury Out Thirty Hours—Before Verdict Reached—Must Face Other Charges

Cleveland, O., April 3.—Josiah Kirby, founder and former president of the Cleveland Discount Company, whose acquittal late yesterday on charges of issuing a false financial statement, brought to an end a trial lasting nearly three weeks, after the jury had been out for thirty hours, will have to face two charges of embezzlement and one of issuing a false prospectus within two weeks, Special Prosecutors for the state indicated today.

A conference was scheduled during the day by opposing counsel with Judge Dan B. Cull, presiding in criminal court, at which time an effort will be made to agree upon the date for the other hearings.

In addition, Kirby is under indictment in the federal courts on a charge of using the mails to defraud. This case has been tentatively set for hearing May 9, and United States District Attorney A. E. Bernstein declared today that same facts as in the case closed yesterday, he will go ahead with his plans to present the financier before a jury in federal court.

The verdict was returned at 5:30 o'clock yesterday. Kirby smiled as the clerk read the verdict, then quickly walked over and grasped each juror by the hand, thanking the men and women composing the jury, individually.

Judge Cull, in discharging the jurors, thanked them for their close consideration of the issues in the case.

"I'm glad that covers the situation," was Kirby's terse comment to newspapermen. He then rushed to a telephone to send a telegram to Mrs. Kirby in Chicago, telling of his victory.

His wife had sat by his side throughout the long days of the trial, but was out by the long wait for the verdict had started for their California home to see the Kirby babies.

The Cleveland Discount Company, the collapse of which in February, 1923, was the cause of Kirby's indictment, was organized in 1917, and grew rapidly, until it was rated as the second largest concern of its kind in the United States, maintaining offices in many cities.

The indictment upon which Kirby was tried alleged that he falsely claimed profits totalling \$2,200,000 on bonds not issued at the time the statement was made and bolstered up the cash balance by addition of \$220,000 in checks, signed by himself, which he had directed the treasurer to hold.

SENTENCED TO LIFE IN PRISON

Jury Recommends Mercy In Verdict In Shooting Case

East Liverpool, O., April 3.—A jury's recommendation of mercy today, in returning a first degree murder verdict, saved James Gagliardi, 45, of Wellsville, from the death chair.

Judge Calvin H. Wood, of Mt. Pleasant, pronounced a sentence of life imprisonment.

Gagliardi was found guilty of shooting Rocco Benvenuto, 23, pool room proprietor in a street fight on February 23 last in Wellsville. He claimed self defense.

"DING" IMPROVES

Des Moines, Ia., April 3.—The condition of Jay N. "Ding" Darling, well known cartoonist, was reported slightly improved at the Mercy Hospital here today. Hospital attendants said Darling, who is suffering from peritonitis, spent a very restful night.

LADY ASTOR DEFENDS CHILDLESS MOTHERS ON FLOOR OF PARLIAMENT

London, April 3.—Lady Astor, the Virginia heiress, who became a prominent figure in English politics, caused an uproar in parliament today in her defense of childless mothers and was rebuked by the speaker.

"There are society women nursing puppy dogs who might well be paying attention to human beings," asserted the laborite member Hayday during a debate on the child adoption bill.

Instantly Lady Astor was on her feet. "If I told all I know about the member who just spoke," she declared, "it would give the house something to think of. It is suggested he goes into company which does not reflect credit upon himself or his party."

As soon as Lady Astor finished speaking, there were loud cries of: "Withdraw! Withdraw!" Hayday protested to the speaker. The speaker remonstrated with Lady Astor and she withdrew the remark, but defended herself by saying that she had been "provoked."

The speaker said:

"The noble lady is herself sometimes provocative."

Lady Astor said:

"There are some women who never had children in whom the maternal instinct is far stronger than in others who have had children. Some of the best work for poor children is being done by women who are not mothers."

Infantry Chief

MAJ. GEN. R. H. ALLEN

Major-General R. H. Allen, newly appointed chief of infantry, United States Army, has assumed his post at Army Headquarters in Washington. General Allen succeeds Major-General Charles S. Farnsworth, who retired after forty-one years of service. General Allen entered the army as a private in 1893, being commissioned a second lieutenant in the cavalry in 1895. He reached the grade of colonel in 1920, after serving with distinction in the World War, winning the Distinguished Service Medal.

PLANS FOR RAILROAD MERGER TO BE GIVEN COMMISSION SOON

Nickle Plate Stockholders Have Unanimously Approved Program Of Consolidation

Cleveland, O., April 3.—Final preparations were being made today to present to the interstate commerce commission at Washington on April 15, plans for the billion and a half merger of the Nickel Plate, Chesapeake and Ohio, Hocking Valley, Erie and Pere Marquette railroads, formal approval of the plan having been given by stockholders of the Nickel Plate at a meeting here yesterday.

The vote by which the merger was approved, was unanimous.

Minority stockholders in the Chesapeake and Ohio and Hocking Valley are opposing the plan, proposed by O. P. and M. J. Swerigen, and court action is now pending in Virginia brought by the objecting minority to halt the merger.

According to well founded reports from Washington, the interstate commerce commission is divided five to five on the merger plan, with the stand of Thomas E. Woodlock, of New York, recently named by President Coolidge as the eleventh member, in doubt. According to some reports, Woodlock may not participate in the hearing April 15, because he was a former director of the Pere Marquette, one of the roads involved in the merger.

As the premier plans a tax on capital, Capital levy was the solution favored by Quotidian which said:

"Premier Herriot's reforms are ready and they provide the equitable participation of all classes in the national charges. If the alternative is necessary some day between insidious bankruptcy by inflation on the one hand and capital levy on the other, all Democrats will choose the honorable and just solution of a capital levy."

London, April 3.—The French franc dropped two points at the opening of the international exchange market here today as a result of the threatened crisis in the Herriot cabinet.

CLEMENTEL FORCED TO RESIGN AFTER TALK FAVORING INFLATION

Anatole De Monzie, New Minister Said To Be In Accord With Premier

Paris, April 3.—Anatole De Monzie accepted the portfolio of French minister of finance, vacated by the forced resignation of Etienne Clementel, and the Herriot cabinet, apparently escaping a crisis, which threatened its overthrow, met to consider internal financial strategy, in which inflation will have no part.

The government is convinced of the necessity of thorough financial reform and finds the present moment opportune for such reform was the cabinet's attitude.

An all night meeting of the cabinet followed Clementel's resignation after his unauthorized declaration before the senate that the government intended to increase bank note circulation a limited amount for commercial needs. Paris was rife with reports that Premier Herriot's position had been made untenable by Clementel's stand for inflation.

Herriot hurried to the chamber when he heard what Clementel had said and after demanding an immediate correction from the finance minister, followed him to the tribune with a speech which left Clementel no course but to resign.

De Monzie was named in his place. His name will be presented to the chamber of deputies this afternoon.

Before the cabinet meeting at Elysee palace today, at which President Doumergue himself presided the new finance minister's views were presented by Minister of the Interior Camille Chautemps in an exclusive interview with International News Service.

"De Monzie is in complete agreement with Premier Herriot and the remaining ministers upon the question of financial policy," Minister Chautemps said. "The keynote of this policy is not inflation for government needs, but the emission of increased currency for commercial requirements."

"The government will supply the necessary funds by a new appeal to the country and by increasing taxation, but there will be no inflation." Morning newspapers revealed sharp differences of opinion between Premier Herriot and Clementel. Louchereux Petit Journal and Echo d'Paris explained that Clementel demanded increases in income taxes of from fifty to 100 percent and increasing the amount of bank notes, whereas the premier plans a tax on capital. Capital levy was the solution favored by Quotidian which said:

"Premier Herriot's reforms are ready and they provide the equitable participation of all classes in the national charges. If the alternative is necessary some day between insidious bankruptcy by inflation on the one hand and capital levy on the other, all Democrats will choose the honorable and just solution of a capital levy."

London, April 3.—The French franc dropped two points at the opening of the international exchange market here today as a result of the threatened crisis in the Herriot cabinet.

Two Women Injured In Boarding House Blaze

New York, April 3.—One man was burned to death and two women were injured today in a fire which destroyed the top floor of a boarding house on Lenox Avenue.

John Bauman, a roomer, was trapped in his room, where the flames started and perished before help could reach him.

Miss Elizabeth Miller was carried down a scaling ladder to safety by a fireman just as she prepared to leap from the top floor.

Charles Marko, the landlord, and Mrs. Anna McCrea were burned.

BISHOP SCHREMB'S TO MAKE PILGRIMAGE

Cleveland, April 3.—Bishop Joseph Schrembs, head of the Catholic diocese of Cleveland, will leave Cleveland, April 6, for his holy year pilgrimage to Rome.

Formal announcement of the departure of the prelate will be read in all churches of the diocese Sunday.

According to reports in circulation here, Bishop Schrembs may be appointed as the successor of Archbishop Henry Moller, of the Cincinnati archdiocese and should such be the case it was expected that announcement of his translation to the higher see will be made during his visit to Rome either late this month or early in May.

Contributions for "Peter's Pence" from the Cleveland diocese will be taken Easter Sunday and will be presented to Pope Pius in person by Bishop Schrembs, according to the official letter.

LOS ANGELES MAY NOT GET OLYMPIC GAMES

Los Angeles, April 3.—William M. Garland, member of the International Olympic committee, declared here today he did not believe the Olympic games of 1928 would be brought to Los Angeles because of the great expense involved and the present unstable conditions in Europe. Mr. Garland's comment was made following reports from New York, that Los Angeles might take over the games that have been assigned to Holland in 1928.

EARL SANDE NOT TO RIDE AGAIN IS WORD

New York, April 3.—It was stated today on reliable authority that Earl Sande, America's premier jockey, had ridden his last race, because of serious injuries sustained in a fall at Saratoga last August.

Denial, however, was made that Sande had had a "split" with Sam Hildreth, trainer for Sinclair's Rancocas stable, in the colors of which Sande rode to his greatest fame. It was said that when the jockey's riding contract expires at the end of the 1925 season, he will become Hildreth's assistant.

COMPROMISE MAY BE EFFECTED IN JANTHA COMPANY GAS FIGHT

Returning from a conference in Columbus of attorneys from Eaton, Brookville and other southern Ohio cities, in connection with the gas supply situation, Attorney J. A. Finney, this city, representing Yellow Springs and Fairfield in the fight with the Jantha Light and Fuel Company, said representatives were assured that no cut-off in the supply would take place before June 1, 1927. Attempts are being made to affect a compromise.

It is understood from a consideration of the facts now before the public utilities commission that there is little chance of winning in the controversy before the commission.

The Logan Gas Company supplies a chain of cities and villages throughout the southern section of Ohio and Indiana with fuel. The Jantha company is the distributing company. The Jantha people served notice that they would abandon the line at the expiration of their franchise.

The question whether the Jantha concern has jurisdiction in the matter or must lay its case before the public utilities commission and obtain a permit is the bone of contention between villages affected by the proposed cut-off and the gas company.

The company was placed under a restraining order in Common Pleas Court by Judge R. L. Gowdy for Osborn, Yellow Springs and Fairfield, which prevented the company from shutting off the supply temporarily. Other counties where the company operates obtained similar restraining orders.

Eight representatives of the villages, appointed to carry the case higher, will present their contention before the state Supreme Court, April 15. Attorney J. A. Finney, Xenia, was one of the eight attorneys appointed.

INVENTOR OF LEWIS MACHINE GUN SAYS BATTLESHIPS OUT

Los Angeles, Cal., April 3.—Colonel Isaac Newton Lewis, inventor of the Lewis machine gun and one of the foremost living authorities on modern warfare, in the first interview he has given since the beginning of the current aircraft controversy, declared here recently that every battleship and fixed land fortification in the world is obsolete as a means of defense against airplanes.

Colonel Lewis, whose machine gun was used by practically every allied nation that engaged in the World War, declared that he had retired from active life and that he did not speak officially. But, expressing his own opinion, based on his knowledge of military affairs and experience gained during the world war, he said:

"Having seen the seamy and tragic side of the last war, I sincerely hope that there will never be another war. But that hope cannot be realized, and we must prepare.

"If there is any one lesson that should be learned from the last war it is that airplanes have made fixed fortifications for coast defense obsolete. And this applies to all fixed fortifications—even to those we have on the Atlantic coast and at the Panama Canal.

"The same applies to the battleships of the present type, no matter how many millions of dollars have been spent on their construction or how big their guns may be. The development of airplanes, plus our improved means of communication, has rendered the \$15,000,000 battleship an anachronism in modern warfare.

"The two elements, to my mind, that must determine the naval defense of the future are aircraft and submarines, supplemented by speedy light armored torpedo-boat chasers and destroyers.

"On land, also, the defenses will be dominated by airplanes, and these will be supplemented by machine-gun battalions and motor-mounted infantry. Field artillery with the heavy guns mounted on movable bases, fighting emplacements for which have been prepared in advance, must take the place of all fixed armament."

U. S. Senator S. D. Fess, Yellow Springs, is enjoying a short stay in Orlando, Fla. He spent a short time at his home and left there for the South.

FESS WILL SPEAK
Senator S. D. Fess of Yellow Springs, will be the principal speaker at the annual junior and senior school banquet of Clinton County schools Wilmington, April 10. Three hundred boy and girl students representing eleven schools in the county will be guests. Guests and speakers will be taken on a theatre party after the banquet.

Revival Meeting

Yes, it's an old-fashioned meeting. The one at the

Church Of The Nazarene

corner Bellbrook and Orange Sts. But that does not mean that the preaching is not first class and the singing as good as the best that can be had. It is old-fashioned only in the facts that the glory of the Lord comes down as it used to in the days of our fathers and the sermon themes are the rugged truths of sin, judgment and experimental salvation and that seekers pray through at the altar of prayer.

Rev. W. R. Gilley, pastor of the church is the evangelist and Prof. and Mrs. B. D. Sutton, of Olivet, Illinois, are leaders of song and soloists.

Services Sunday 10:45 a. m., 7:00 p. m., and every evening until the 12th at 7:30.

A CHANGE OF HEART

UNTIL a short time ago one of the most popular forms of sport was to harass the railroads. It is true, that, in many instances, the railroads did not always act like good children are supposed to behave, but during latter years there has been a manifest desire on the part of the carriers of the country to be of real assistance to the people of the nation, to co-operate in every way, to get the produce of the farmers to the market, to get the manufactured articles of the mills to their point of distribution, and to provide better services all around.

During the last two sessions of congress there has been a decided sentiment in favor of the consolidation of many of the railroads. This sentiment has been caused by the recognition that the prosperity of the railroads is a material and a very necessary cement in the prosperity of the nation, so congress is getting to the point where they are willing to help by practical legislation to aid the railroads, if the railroads, will in turn aid the people.

President Coolidge, Chairman Watson of the Interstate Commerce Committee of the senate, and the Interstate Commerce Commission, are all intensely interested in seeing that the people of the country are given adequate transportation facilities. The entire question is one that will be carefully studied by the President and the others interested in the subject during the recess of congress.

HONEST AMERICANISM

THAT was an unusual spectacle at Richmond the other night when Secretary Mellon and Senator Carter Glass—former Secretary of the Treasury—described the necessity of taxation reform to a group of representative bankers. There was no politics there—just two honest Americans talking common sense and sound economics.

Mr. Glass, a Virginia Democrat, started life as a "printer's devil" at Richmond, built up an excellent newspaper and went to Congress, where as chairman of the committee on banking and currency he was the principal author of the Federal Reserve act. He was called to the Treasury, where he remained for a year and then went to the Senate, where he watches with disgust the antics of the Heflins, Caraways and others of his own party.

After Secretary Mellon had described his plans for the future, the reduction and reform of taxation, Secretary Glass addressed the meeting. He referred to Secretary Mellon in the most glowing manner—"the most representative man in the Administration"—and approved of every reform he proposed.

Too bad that Senator Couzens, Senator Norris, and more of that ilk were not present to hear what an experienced and honest Democrat thought of the great Secretary of the Treasury, whom they, as Republicans, have attempted to embarrass if not destroy.

FURNISHES NEW VERSION

EAST is East, and West is West, and never the twain shall meet," warbled Rudyard some years ago. But America and the Far East are getting together in the matter of trade, nevertheless. Last year we did an interchange of business with the Far East a trifle in excess of \$1,650,000,000. A little more than 40 per cent of this was export trade, and the import trade from that quarter of the globe included vast stocks of raw materials, silk, tin, jute, rubber, and the like, which went to the insatiable maws of American mills. And the good work keeps on going, for in January of this year the exchange of goods totaled nearly \$174,000,000 or at a rate in excess of \$2,000,000,000 annually. It would be fine to chalk up that total December 31, 1925. Then perhaps Kipling would give us a new version.

Concerning meat and bread and drink
My business judgment she respects.
We have well-mated intellects.
Yet publicly she'll criticize
My "most outlandish" choice of ties.

My wife and I can get along
In things of literature and song.
She likes the plays I like to see.
We live almost harmoniously,
She's only scornful when she views
My awful taste in boots and shoes.

"That awful hat again!" she cries,
"I wish you'd let me choose your ties!
You've got those ugly shoes again.
Why can't you dress like other men?"
I'm sure we'd lead a happy life
If I could dress to please my wife.

READING THE HOME TOWN PAPER

By ANNE CAMPBELL
When you read the hometown paper,
And you're miles away from home,
There's a thrill that comes to no one
But the folks compelled to roam;
For the folks look so familiar
And the names are all so sweet
That your fancy goes a-roaming
Down a sunny hometown street.

When you read the hometown paper
In a gloomy hotel room,
There's a something tugs your spirit;
There's a lifting of the gloom;
For across the miles alluring
Is a picture looking grand,
And your folks come out to meet you
From the pages in your hand.

When you read the hometown paper
In a train that's homeward bound,
There's a satisfaction keener
Than is any you have found.
And somehow while you are reading
You've a heart as light as foam.
For to read the hometown paper
Brings you mighty close to home!

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S. S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S. S. S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Today's Talks

ON APPROACHING

The trouble with so many folks is that they are either jostled, shoved, or just dropped into their day.

And then the day gets a jolt as it gives one to them.

A day should be approached gently, nappily and with serenity. And then every hour will grow in richness and you will be your efficient self from the day's beginning to end.

Take an office, for instance. Where every member comes in on time and with a smile, after a good rest, the entire day is one of good work done. But if any member of that office has come from a home that wasn't happy, or after unkind words or some trivial complaint, it cannot help but be reflected into a place where it does not belong.

Go to your work with a plan in your mind and with definite purposes formulated and you will enter everything you do with zest and enthusiasm.

The salesman who approaches his possible customer with an atmosphere about him that is cheerful and convincing, has an attentive listener to start with, which is one half the task of getting an order.

I have studied men who approach difficulty. Some do it with rare grace and courage, while others flop and flitter. The latter make themselves

a part of the difficulty to begin with whereas the former wipe it mostly away as they walk up to it. Talk to a professional golfer or tennis player and the first thing he will tell you will be how to approach the ball in each instance. There should be more said in the public schools and colleges about the proper manner in which to approach life—honestly, sincerely and with a vast background of grit.

WAYS TO WORLD PEACE DISCUSSED AT MEET AT BAPTIST CHURCH

Possible ways to world peace were discussed in an interesting and practical way by Mrs. Charlotte Reeves Conover, Dayton, at the First Baptist Church Thursday evening, lecturing on the subject "Sane and Insane Pacifism; Sane and Insane Militarism; and Both Sides of Preparedness."

Mrs. Conover cited instances of what she termed insane pacifist ideas and insane military promotion and contrasted them effectively with the sane pacifists and sane military believers who are both trying to find an effective way to world peace.

The reasonable pacifists, among them President Coolidge, believe in progressive disarmament by the great world powers instead of any sudden abandoning of the nation's defense before the rest of the world is ready to co-operate, she said. In speaking of the present popular axiom to "make America first" Mrs. Conover said she would have America first in Christian-like co-operation, in sympathy, love and understanding; first in blazing a new trail into a world that would know war no more. She said the question of world peace must be settled by science, common sense and reason.

In discussing ways to peace as suggested in the book "Ways to Peace," compiled from the peace plans entered in the Bok Peace Plan Contest, several strong points were suggested as follows: progressive disarmament; the outlawing of war; making war a crime to be dealt with as such; conferences between nations for the purpose of mutual understanding and co-operation; a citizen's army trained for defense instead of large standing armies; conscription of wealth in times of war, making it possible for the nation to command the entire resources of the country; an agreement among scientists that they refuse to produce the destructive elements upon which modern warfare depends; a bureau of conciliation and a secretary of peace.

The speaker urged the using of all means that would create public opinion strong enough to outlaw war. She suggested that the children in the public schools discuss and study it and that all loyal citizens interest themselves in the matter.

Mrs. Conover will give the final lecture of the series next Thursday evening at the First Baptist Church when she will discuss "America First."

SEVEN EXAMINED AT ROTARY CLUB CLINIC

Seven patients were examined at the Rotary Crippled Children's Clinic, held in the offices of Dr. R. H. Grube, in the Court House, Friday morning.

Dr. James Walker, Dayton, orthopedic specialist, had charge of the clinic and was assisted by local physicians and Miss Helen Evers, Red Cross nurse; Miss Jennie Moffett, Social Service League nurse, and Mrs. H. A. Hoffman.

Thomas J. McNier, of Columbus, was returned to that city Friday morning by Franklin County authorities to face a charge of non-support. He was arrested here Wednesday night by Sheriff Morris Sharp and Deputy Sheriff George Spencer. Authorities say he deserted a wife and child.

PALM SUNDAY WILL BE OBSERVED IN MANY XENIA CHURCHES WITH SPECIAL SERVICES

Palm Sunday, commemorating Christ's triumphal entry into Jerusalem, when the multitude strewed palm branches in His path, and which is observed in churches over the world the Sunday preceding Easter, will be celebrated in Xenia churches, according to the announcements of local pastors.

The observance is marked by special sermons and music in the various denominations and in some instances programs are prepared in celebration of the day.

At the First Presbyterian Church, Market and King Streets, the Rev. W. H. Tilford, will have a special Palm Sunday message at the morning service, which will be featured by the graduation exercises of the Primary and Junior Departments. Miss Zella Soward will sing "The Palms" at the morning hour of worship.

C. O. Nybladh, acting rector at Christ Episcopal Church will preach on "The Palm of Victory" at the morning service in that church. Communion will feature the observance of the day at the First M. E. Church, at the regular sermon hour. The Rev. F. W. Stanton, pastor, will speak on "Palm Tree Christians" at the evening service at 7 o'clock.

The Holy Sacrament will mark the services Sunday at Trinity M. E. Church, according to Rev. V. F. Brown.

The Rev. D. A. Sellers will preach on "Why Observe Palm Sunday" at the First Reformed Church Sunday morning. The choir will sing special numbers in keeping with the day. The pastor will have another special message at the evening service and the choir will sing "Palm Branches."

The Rev. R. E. Brown will preach on "A Sealed Book and a Slain Lamb" at the morning worship hour at the First Baptist Church.

The Sunday morning service at the First U. P. Church will include a special program by the Monmouth College Girls' Glee Club. The Rev. J. P. Little will preach on "The Man He Might Have Been" at the evening service.

The College Glee Club will furnish music at the morning and evening service at the Second U. P. Church, and the Rev. C. P. Proudfoot will deliver special sermons.

Palm Sunday is especially significant on the Catholic calendar, and will be marked by the distribution of palms at the 10 o'clock Mass Sunday morning at St. Bridget Church.

HALLAS FORCES PETE MONTANA TO GIVE UP AFTER FALL APIECE

BY L. J. WONES

Billy Hallas, after winning the second fall when he threw Pete Montana with a flying mare that rendered the Iowa man useless for the rest of the evening, was awarded the third fall and the match Thursday night at Eagles Hall.

The injury to Montana is rather serious according to Dr. Paul Espey, who said that several ligaments in Montana's neck and chest were torn loose while one of his ribs was also battered badly.

Montana fought an uphill battle throughout but after forty-two minutes of wrestling he managed to make the Canton man give up when he got a toehold. Montana showed nice form throughout but there is no doubt in the writer's mind that Hallas is his superior. Montana used a toehold well.

Hallas came back strong for the second fall and after five minutes of tussling he threw Pete with a flying mare that ended the evening's entertainment. Hallas showed fine form throughout the bout and was the aggressor all the way. The bout was fast with both men working hard from the outset. There was quite a bit of slapping and shoving and a few rough tussles. The crowd on and around the ring several times went wild after they saw Hallas throw Pete.

Off the mat and on the floor, Hallas kept grappling and it was a job to get them apart. The bout was a very speedy Crawford of the Crawford Kid Black of Philadelphia to win after sixteen minutes of wrestling. He stated that he was not in the best of form and also said he injured himself in training.

The bout was rather slow at times and it was full five minutes before either one started grappling. Crawford showed well and must be commended as he got out of two tight places. Once Blackie got a body slapper on the head that caused him to suffer much but Speedy got out of it nicely. He then ran into a headlock a few minutes later which Speedy also broke. This was the only time that Black came anywhere near beating Crawford.

The card as a whole was good despite the fact that two of the grapplers were forced to quit. A large crowd attended the show. Harry Spencer of this city was the third man in the ring.

PROMINENT LAY CHURCHMAN DEAD

St. Clairsville, O., April 3.—John B. McMechen, 77, one of the most prominent and widely known citizens of eastern Ohio, was dead at his home here today. His death was the direct result of injuries sustained Saturday, when in walking upstairs at his home he slipped and fell, his head striking the newell post.

McMechen was prominent in the affairs of the United Presbyterian Church, having served as treasurer of the Ohio synod for years. He was also at one time a trustee of the Pittsburgh Theological Seminary.

At the time of his death he was general agent of the National Life Insurance Company and was at one time president of the Valley Savings bank here.

He is survived by his widow, and one son, William F. McMechen, of Tulsa, Oklahoma.

GIVEN SUSPENDED SENTENCE TO PEN

Clarence Weakley, colored, Cedarville, was given a suspended sentence of from one to twenty years in the Ohio State Penitentiary by Judge R. L. Gowdy, when he changed his plea from not guilty to guilty in Common Pleas Court on a charge of cutting with intent to wound.

Weakley was indicted by the last special grand jury on the charge of cutting and wounding John Buckner, of Cedarville, in that village several months ago and entered a plea of not guilty. He changed his plea when his case came up for trial.

The sentence was suspended by Judge Gowdy on the recommendation of Prosecuting Attorney J. Carl Marshall.

Is The World Too Religious?

Missionaries do not have to teach the Non-Christian world—two-thirds of the human race—to be religious. They are now too religious already, many of them religious fanatics. Almost every movement they make during the day is guided by religious instinct of religious teaching.

The world today does not need religion. It needs Christianity. Christianity is more than a religion. It is Life—complete life—embracing every phase of human activity.

If you want to be really alive from head to foot, your whole body and soul at tune to the great pulsating, magnetic laws of God's Universe, be a Christian! Taste real life. Come to Church this Sunday. Let us tell you more about it. Be alive! be an active Christian!

BAPTIST CHURCH TO HAVE REVIVAL HERE

Evangelistic services will be held next week, at the First Baptist Church, as is the custom preceding Easter, the Rev. R. E. Brown, pastor, has announced. The Rev. Mr. Brown will preach every night except Saturday on some gospel theme.

The service Sunday evening will begin at 7 o'clock and at 7:30 o'clock during the week. The public is invited to all the meetings.

WIDOW CRIES FOR JOY

"I couldn't eat anything but raw eggs and sweet milk and was so weak I could hardly walk across the room. I would have been in my grave today if I hadn't taken May's Wonderful Remedy when I did. When I think how I have suffered with my stomach and how good I feel now I cry for joy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

JOBE BROTHERS

BUSINESS COLLEGE ALUMNI WILL STAGE ANNIVERSARY PARTY

Men and women of Xenia who attended Miami-Jacobs Business College of Dayton, are invited to participate in the Sixty-fifth birthday anniversary party of that institution which will take place early in May.

The celebration is to be a joint affair. One day will be given over to men and women throughout the Miami valley who received their early business training at the college.

On the second day the program will be devoted to paying tribute to A. D. Wilt, founder of Miami Jacob's Business college who will come to Dayton from his home in New Canaan, Conn., for the occasion. Mr. Wilt is past his eightieth birthday and has a wide circle of friends throughout the state.

W. E. Harbottle, president of Miami Jacob's Business College, is heading the movement for the celebration which will conclude with a testimonial dinner to Mr. Wilt.

Assisting Mr. Harbottle in the project are a number of prominent men and women of Dayton who had similar plans under way in 1915 but which were halted by the historical flood in the spring of that year.

Within a few days the exact dates for the reunion will be announced. At that time, also, a present or past student of the college from each community in the Miami Valley will be named to take reservations for the testimonial dinner.

It is planned to hold the dinner at the Miami Hotel and approximately 500 men and women who have attended the college will be in attendance.

BELLBROOK

Township Clerk W. W. Tate has been appointed clerk of the cemetery board to fill the vacancy caused by the death of A. R. Howland.

The Automobile Club is erecting a traffic sign in the public square at the corner of Main and Franklin Streets.

The Rev. Father Sidenstricker is able to get up steam again after a two weeks' tussle with double grip. Edison Glosser was a Sunday guest of his uncle and aunt, Mr. and Mrs. W. E. Glosser, and his cousin, Hattie Glosser.

Mr. and Mrs. Walter Hemming have moved back to their summer home on the Little Miami.

Mr. and Mrs. John Smith, north of town, are on the sick list.

Oliver Webb and Harry Finarock have moved into Mrs. Webb's home on Maple Street, and Mrs. Emma Gibson and daughter will occupy Mr. Finarock's house.

Mrs. Nettie Wilson has been con-

fined to the house a number of days with grip.

The property of Harry Penewit, deceased, located on West Franklin Street, will be sold at the west door of the courthouse in Xenia at 10 o'clock a.m., Saturday, April 4.

Funeral services were held for Elizabeth Howland at the M. E. Church Sunday afternoon, Rev. Walley officiating. The deceased was in her eighty-second year. One brother, Gill Howland, and one sister, Mrs. Mattie Smith, survive her. Miss Howland's death came just a week after her deceased brother, A. R. Howland had passed away.

The county commissioners were in town Wednesday arranging with the township trustees for joint township work.

Local thermometers Thursday

climbed to an altitude of 76 degrees. John Hunt, who has been employed for several years on the new centralized school building at Parkersburg, W. Va., came home Friday for a short visit with his home folks.

Little Robert Lee McCoy, the 3 yr. old son of Mr. and Mrs. Roscoe McCoy, has been returned home from Philadelphia, following a successful operation made necessary on account of the lodgment of a peanut in one of his lungs. The little fellow is fast recovering from the effects of the operation.

The Kings Servants Sunday School Class of the M. E. Church, met at the home of Mrs. Bertha Ramsey Monday evening.

Bids were received by the Sugar-creek Township Board of Education up until 8:30 o'clock Monday evening, April 6, for pulling and burning the

hedge fence west of the new school building on East Street between Anderson Belts and Jacob Baroff's lines.

We are informed that work is soon to be resumed on the new Jr. O. U. A. M. Building which was started in the summer of 1922 and on which work was discontinued on account of lack of funds.

Mrs. Weller Haines who has been ill for a number of weeks, is reported better.

The Willing Workers Sunday School Class met at the home of Mrs. Leona Barnard, Friday night.

Mrs. Edna Rohrbach and child of Niles, O., is paying her father and mother, Mrs. C. L. Glosser a two weeks visit.

O. R. Peterson, of Dayton, paid his mother, Mrs. Emma Peterson, a short visit Saturday.

Harry Blum, who is operating Gov. Cox's farm at Trails' End, near Dayton, was here calling on friends last Sunday.

Paul Boram was severely injured in a basketball game last week.

Walter and Glenn Edwards were visitors in the village Saturday night.

There was a decided slump in local basket ball stock Saturday night when the Dayton boys put the finishing touches on the home boys 31 to 25, and the Dayton girls almost annihilated the home girls by piling up a score of 24 to 2.

The recent resurrection of an ancient newspaper — "The Bellbrook Moon," printed in 1885, revives in the minds of former ball players an interesting game which took place at Cramer's field between the home boys and a team recruited from Day-

ton, Fairfield, Alpha and the Big Woods, and resulted in a 9 to 5 victory in favor of the home team. The home team was composed of Willis Marshall, Daniel Marshall, Joseph Marshall, Frank Marshall, (father and uncle of Senator L. T. Marshall and Prosecuting Attorney J. Carl Marshall), Albert Kemp, Frank Weaver, John Penewit, James Zell and Clarence Fulkerson. A few days after the game, the bard of Avon got

busy, and inserted in a Dayton paper the following poem:

Bring your little balls and bats,
You Marshalls and Spring Valley

brats,
We know you are grinning at the

moon,
But your grinning was too very

soon."
The Editor of the Moon, Morgan Fudge, was not slow, and issued the following in reply:

"Bring your Alpha and Dayton

toughs,
Fairfield bruisers and Big Woods

roughs,
Your Lantzes too for all we care,
You bet your life we'll all be there."

LESS OHIO FARMERS PRODUCE MORE CROPS ECONOMIST STATES

In Ohio today less farmers are producing more crops than ever before in the history of the state. Dr. J. I. Falconer, rural economist at Ohio State University, says this productive efficiency has increased 20 per cent in the past 15 years due to better machinery, better roads and more improved farm practices.

"The past 15 years has seen an increase in the productive efficiency of the Ohio farm which has never been paralleled in the history of Ohio agriculture," Dr. Falconer maintains. "The average Ohio farmer is producing fully 20 per cent more than in 1910."

"This increased efficiency has been brought about largely through the adoption of more and larger machinery such as the gas engine, tractor and automobile, together with better roads, and more improved farm practices. With this increased efficiency came the great increase in the volume of agricultural production."

"In the United States as a whole from 1910 to 1920 the average number of acres handled by each man increased from 24.6 to 32.6 or an increase of 24 per cent. The total volume of agricultural production increased 15 per cent."

"Along with this increase in productive efficiency of the individual farmer has gone a decrease in the number of farmers. In the United States in 1910 there were approximately 12,000,000 persons engaged in the occupation of farming. Today there

are not over 10,000,000 or a decrease of about 20 per cent in 15 years. "With this decrease in the number of farmers the volume of production has increased, and there is nothing to indicate that the progress of the past 15 years will not be continued during the next decade."

LARGE CROWD HEARS EVANGELIST SPEAK

One of the largest services during the evangelistic campaign at the Ku Klux Klan Tabernacle, East Third Street, was held Thursday night, when the Rev. Mr. Linebaugh talked on "The Dance of Death." The sermon was preceded by a band concert, at 7 o'clock. A large attendance is expected Friday night to hear the large chorus that will give a concert. Sunday, the closing day, is also expected to attract a large crowd.

RICE ADDRESSES DAYTON LIONS CLUB

Attorney Morris D. Rice, of Osborn, explained the details in the moving of "Old Osborn" to its present site "New Osborn" near Wilbur Wright Field to members of the Lions Club Thursday noon at the Miami Hotel in Dayton.

Explaining his topic "Moving a City," Attorney Rice characterized it as one of the unique projects in the world.

FORMER XENIAN IS ENGAGED TO DIRECT CHURCH CHOIR HERE

R. A. Stillings, Dayton, former Xenian, will be engaged as choir director at the First M. E. Church, this city, it was decided at the meeting of the official board of the church Wednesday evening.

Mr. Stillings will have charge of the general church music and will begin his work, Sunday, April 19. He has had large experience in the music field and is now a member and director of the Linden Avenue Baptist Church Quartette, Dayton. He attended the Moody Bible Institute, and gained experience there in directing church music.

He assisted in the musical services during the recent evangelistic campaign at the local church and his success at the time led to his selection for a permanent post by the congregation.

WE'RE LIVING HIGH FOOD SURVEY SHOWS

What the average person eats in a year in Ohio, at least, has been discovered as one result of a survey of the city of Lima by marketing extension men from the Ohio State University.

Among vegetables, potatoes rank at the head of the list with 176.9 pounds consumed by the average person in Lima in a year. Of that total 6.5 pounds were sweet potatoes. Cabbage comes next with a per capita consumption in a year of 25.95 pounds, beans, green, dry and canned, 16.18 pounds; onions, 15.8 pounds.

All other vegetables fall below 10 pounds consumption per capita, with cauliflower at the foot of the list, having less than a pound per capita consumption in a year. Beets, carrots and spinach are under 2 pounds per capita a year.

Apples lead the fruits consumed with 55.88 pounds per capita; peaches 37.53 pounds; oranges, 25.2 pounds; strawberries, 18.1 pounds; bananas, 17 pounds; and watermelon, 16.1 pounds per capita.

Pork is well in the fore in meat consumption with 94.8 pounds consumed by the average person in a year. Next comes beef with a per capita consumption of 60.1 pounds; dressed poultry, 9.4 pounds; mutton, 1.4 pounds. Egg consumption averaged 27 dozen per capita and milk, whole and condensed 266 pounds or about 133 quarts per capita.

Twice as much butter as oleo is consumed, the figures being 42.8 pounds of butter and 20 pounds of oleo per capita in a year.

John Loyd, of the Loyd Contracting Company has been temporarily appointed by officials of the Xenia Recreation Association to supervise preliminary work of developing the site in the Dodds Addition for a park. The association officials have employed several men and several teams of horses to clear the tract of weeds and underbrush, lay drain tile, plough

the higher places, and level the acreage.

In several weeks the park will begin to take definite shape with trees trimmed, grass seed sowed and the ten acre tract leveled, but excavations for the lagoon will not be begun for several weeks. Meanwhile preliminary work is being pushed as far as possible with the present funds.

LOCKED IN ICE BOX

Columbus, O., April 3.—Locking two employees and a customer in an ice box an armed negro today escaped after stealing about \$200 in cash at a Kroger store in St. Clair Avenue. Those imprisoned were John Blagin, manager; Theodore Wilson, butcher and a little girl. Soon after the bandit escaped the prisoners were able to open the ice box.

"NOT POSSIBLE TO CLASSIFY"

BY MACK SAUER

THE FLIGHT IS ON

The vagrant birds of passage are in full flight. The annual spring rush of hobos from the south is on. A rough, happy, go-lucky lot they are with eyes bleared from wayside fires, shoes with toes out and ears cinder-filled from rides on the rods.

Every year they come northward with the spring. Couched under bumpers, they hide from hawk-eyed detectives to keep from being set off by the roadside. Between freights they make back doorsteps and spiel tales of being wallowed by the cruel hand of fate.

Many have lost jobs and are hurrying to others, which are promised, they will tell you. Some trudge the streets and other plots with which to wring the reluctant nickel from the passerby. Others have different plans and work back doors for "hand outs."

Types! There was Omaha Bob, an aged man of weather-beaten countenance whose ragged pockets bulged with foodstuffs wrapped in soiled newspapers. He was seen plodding along the traction line on Main street Monday. He claimed to be bound for the fields of the West and was planning on a night freight.

"Dallas Jim" spoke freely of the "good old days" when kitchen grub was easier to get—when he was now and then invited in and allowed to place his feet under the kitchen tables. Now he says a lot of bums have taken to 'amblin' around and have spoiled hobbing for a lot of regular fellows.

Every night Miami Valley cities and villages are hosts to a few of the queer wandering stragglers. After dusk they are found warming their coffee over wood fires, waiting for a chance to huddle in car hoppers and speed on their never-ending journey. Hitin' the ties ain't what it used to be.

AMERICANS EAT TOO MUCH SUGAR EXPERT IN NUTRITION SAYS

Most Americans eat about twice as much sugar as they should. It's a food that ought to be consumed with some degree of discretion.

So Lelia C. Ogle, nutrition extension specialist at the Ohio State University, asserts in an article written for Ohio agricultural extension workers under the title, "The Truth About Sugar." She suggests that sugar consumption be reduced to one half the present rate and that the consumption of other materials which supply energy be increased.

Refined sugar is a one-sided food, its sole nutritive function being to serve as a fuel, Miss Ogle points out. And as the energy requirement of the body is met more and more by the consumption of refined sugar, there is a constantly increasing danger of unbalancing the diet and making it deficient, according to Dr. H. C. Sherman of Columbia, "in some of the substances which are needed for the building and repair of body tissue and for the regulation of physiological processes."

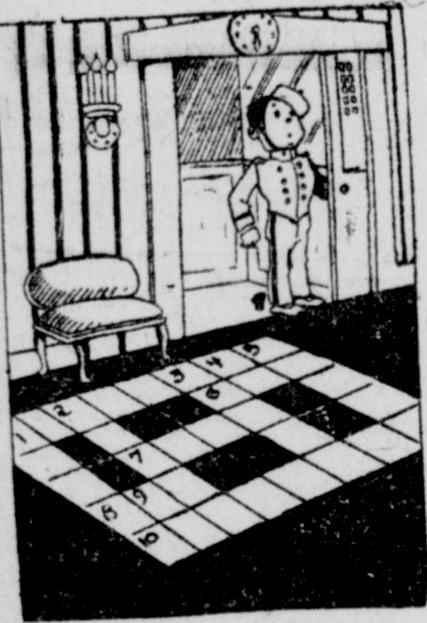

Sugar is a food for which no training of appetite or taste is necessary, Miss Ogle explains. And "Unless checked, the appetite for sugar and sweets seems to increase until interest is lost in foods of blander flavor, such as cereals, milk and vegetables. This is the main reason for withholding sugar from growing children's diet. Sugar and sweets should be taken at the end of a meal, but never at the beginning or between meals. This gives the individuals of low appetite an opportunity for larger food intake without damage."

BRINGING UP FATHER

Michael's Marriage

By MICHAEL

CHAPTER VI.
Helen arrived in the city from Chicago on Friday morning. Michael, who usually ate his lunch with a newspaper before him, read about it in the society columns, in which he suddenly had become interested.

Having mused about it at length, on his way back to the office, he telephoned a florist shop and had flowers dispatched to Helen.

On Saturday he received an invitation to tea Sunday afternoon at the Peabodys. She did remember him. He had been worrying whether he was too presumptuous in sending her the bouquet.

Sunday found him worrying whether he should "dress up" for the tea. He knew that if he went in formal attire for such an occasion it would be a compliment to her, but he didn't want to be the only man there looking like a clothing dummy. He decided to call up Alenzo; perhaps Lonnie was going to the party. But Lonnie was out. So there was nothing to do but dress up.

There were only two cars in the driveway of the Peabody house when Michael arrived. He wondered if there was to be a crowd; he hoped not. He disliked crowds. He was glad that he was early; if he happened to be the only man present in a cutaway coat, then he would be less conspicuous if he happened to be in the house when the other guests came. So he told himself, without reasoning about it.

Only a woman at a ball in calico could know the distress of a man who is the only one at an affair in correct attire. So Michael was enormously relieved when he glimpsed Jimmy Thyme in a cutaway coat. It didn't matter if none of the other men wore else than sport clothes, since Jimmy, darling of the girls, was attired in the same fashion.

Helen was not in view when he entered the house, so he had to occupy himself in exchanging small talk with Lorna one of the Peabody girls, neither of whom he liked. What did Helen see in them? Why didn't she visit the Prices, or the Thynes? No, not the Thynes; Jimmy would be around too much.

He remembered Helen as the sylph-like bathing girl; consequently he was jarred when he saw her. She had taken on weight and coarsened perceptibly. Her ankles had lost their Peter Pan-like formfulness and

hung over her shoes. A double chin was beginning to show, too. "It's nice to see you again," she smiled to Michael, extending her hand. "I just loved the flowers—" She paused coquettishly. "I was afraid that you wouldn't remember me."

"I wish I hadn't," he thought, noting the over-plumpness of her cheeks. But he smiled in response. "I've been looking forward to your visit."

He was relieved by the arrival of other guests demanding Helen's presence elsewhere. He looked around, hoping to sight someone he might attach himself to. There was only Jimmy Thyme, and Jimmy was paying devoted attentions to a pretty girl. Wonder who she is? Michael decided to ask Jimmy to introduce him. At the first opportune moment, when tea was about to be passed, he did so.

"Miss Lilah Pharty, Mr. Michael Menlow begs to be presented," Jimmy said.

Michael was annoyed, and the girl amused, by the way Jimmy phrased the introduction. She did not, extend her hand, and Michael bowed, flushing slightly as he did so. Her smiling eyes seemed to penetrate him; was she laughing at him? Even as he wondered at this, he realized that he was in love with her. (To be continued.)

LE Sourd BACK WITH OHIO WESLEYAN NINE

With ten regular players back and a number of promising recruits out for the team, coaches at Ohio Wesleyan University believe that baseball prospects at the university for the coming spring season are unusually good.

Among the letter men back in uniform is William LeSourd, former Xenia Central High School athletic star who has played regularly in the center field position on the varsity nine for the past two seasons. He is in his senior year.

LeSourd is one of the slugging stars of the team, breaking up several games last year with long and timely drives, besides fielding well in every game.

A development of a capable battery constitutes the biggest problem of Wesleyan coaches.

Wesleyan will play its first game April 13 when the university nine travels to Columbus for the annual mid-lifting game with Ohio State University.

After 12 years' suffering with constipation, Kellogg's ALL-BRAN brought lasting relief

Florida woman feels ten years younger. No more headaches or medicine.

Think what it means to be everlastingly free from the dull, throbbing headaches, sallow skin and perpetual tiredness which are constipation's toll. But let Mrs. Bevis tell you her inspiring story:

Words can't express my gratitude for Kellogg's ALL-BRAN. For 12 years I suffered with constipation, always taking medicine, had dull headaches and never felt well. For the past 12 months I've eaten ALL-BRAN and haven't taken one drop of medicine. I've gained in weight, my health is so improved I feel 10 years younger. (Signed) Mrs. F. S. Bevis, Jacksonville, Florida.

Kellogg's ALL-BRAN will bring sure relief to you just as it has to Mrs. Bevis and thousands of others. It is a bulk food that doctors recommend. It is guaranteed to be permanently effective, if eaten regularly, or the purchase price will be returned by your grocer. Only ALL-BRAN brings sure relief.

Eat at least two tablespoonfuls daily—in chronic cases, with every meal. Try the recipes given on the package. Kellogg's ALL-BRAN is nature's own way of cleaning the intestine. Made in Battle Creek, Mich. Served at leading hotels and restaurants. Sold by all grocers.
